The Gospel Of John Text And Context:

The Gospel of John Francis Moloney, 2005-06-01 Recognized as an innovative interpreter of the Gospel of John for decades Francis J Moloney has approached the sacred literature in a way that attends both to the details of the text and to the several contexts that gave life to the original story This text and context approach continues to enrich the reading and interpretation of the Gospel in today s world Gospel of John Text and Context gathers Francis Moloney s key studies on John s Gospel written over the course of his career The three sections of the work comprise studies of Johannine history theology and research exegetical studies ranging across all parts of the Johannine narrative and an exploration of how the Fourth Gospel came to be understood as sacred Scripture *The Gospel of John* Scott Hahn, Dennis Walters, 2003 Based on the Revised Standard Version Second Catholic Edition using the biblical text itself and the church s own guidelines for understanding the Bible Ample notes accompany each page The Ignatius Study Bible also includes Topical Essays Word Studies and Charts Each page also includes an easy to use cross reference section Study Questions are provided for each chapter on back cover Text, Context and the Johannine Community David A. Lamb, 2014-04-24 Text Context and the Johannine Community adopts a new approach to the social context of the Johannine writings by drawing on modern sociolinguistic theory Sociolinguistics emphasizes language as a social phenomenon which can be analysed with reference not only to its broad context of culture but also through the use of register analysis to its narrower context of situation The Johannine writings have increasingly been seen as the product of a distinct Johannine Community depicted by some scholars as a sectarian group opposed both to wider Jewish society and to other Christian groups This model has largely been constructed on historical critical grounds yet given our lack of reliable external information about the origin of the Johannine writings a more fruitful approach may be to examine their lexico grammatical and discourse features to determine what these imply about interpersonal relationships This study compares selected narrative asides from the Gospel of John with a passage section from 1 John and with the two shorter Johannine Epistles It concludes that register analysis of these texts does not support the idea of a close knit sectarian group **Johannine Studies 1975-2017** Francis J. Moloney, 2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney s already well known commentary and scholarly monographs on the Fourth Gospel The author s work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author s of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of

Johannine scholarship from 1975 until today **Characters and Characterization in the Gospel of John** Christopher W. Skinner, 2013-04-11 This volume examines characters in the Fourth Gospel and provides an in depth look at different approaches currently employed by scholars working with literary and reader oriented methods Divided into two sections the book first considers method and theory followed by exegetical character studies using a literary or reader oriented method It summarizes the state of the discussion examines obstacles to arriving at a comprehensive theory of character in the Fourth Gospel compares different approaches and compiles the diverse methodologies into one comparative study Through this detailed exegesis the various theories will come alive and the merits or deficiencies of each approach will be available to the reader This volume is both a comprehensive study in narrative reader oriented theories and a study in the application of those theories as they apply to characterization Summing up current research on characters and characterization in the Fourth Gospel this book also provides a comprehensive presentation of different approaches to character that have developed in recent years Interpreting the Gospel of John Gary M. Burge, 2013-11-19 This tried and true classroom favorite by respected New Testament scholar Gary Burge has been praised for its usefulness The expanded second edition has been revised throughout to take account of current scholarship and introduces software tools that have become available since the original edition was published Combining original insight with how to guidance this textbook helps students interpret the Gospel of John and apply it in teaching and preaching The Lord of the Gospel of John Paul C.J. Riley, 2019-01-14 In the Gospel of John one aspect of Jesus divinity is his lordship Paul C J Riley examines Jesus lordship through the use of one Christological title kyrios a word which can be translated as Lord master owner or sir Because kyrios is often used by characters in the narrative Riley considers it from a narrative perspective As a result the first question he examines is how kyrios functions In addition due to textual variation for some occurrences of kyrios the next question addressed is where kyrios is From a firm narrative and textual foundation the final question the author asks is what kyrios means The answers to these three questions provide a comprehensive understanding of Jesus divine lordship in the Gospel of John *The Gospel of John, 1-3 John* Philip Comfort, Wendell C. Hawley, Grant R. Osborne, 2007 The Cornerstone Biblical Commentary provides students pastors and laypeople with up to date evangelical scholarship on the Old and New Testaments It s designed to equip pastors and Christian leaders with exegetical and theological knowledge to better understand and apply God s Word by presenting the message of each passage as well as an overview of other issues surrounding the text Publisher *The Function of Narrative Comments in the Gospel of John* David A. Lamb, 2024-12-15 Scholars have long noted that comments by the author or editor often referred to as narrative asides or parentheses are frequent in the Fourth Gospel The Function of Narrative Comments in the Gospel of John A Literary and Linguistic Analysis is a comprehensive guide to this significant feature In the vein of Gilbert Van Belle s *Les Parenthèses dans l'évangile de Jean* 1985 Lamb provides a detailed analysis of the terminology definition and categorization of these comments and interacts

extensively with existing scholarship He looks at the role of the comments in the Gospel s composition assesses their function using insights from literary theory dramatic theory and sociolinguistics and makes comparisons with OT historical writings the Synoptic Gospels and the works of Herodotus and Thucydides He concludes that the narrative comments are an integral part of the text which reflect the authority of the author and that they have significant implications for our exegesis of the Gospel

John's Use of Ezekiel Brian Neil Peterson, 2015-08-01 Scholars have long puzzled over the distinctive themes and sequence of John s narrative in contrast to the Synoptic Gospels Brian Neil Peterson now offers a remarkable explanation for some of the most unusual features of John including the early placement of Jesus cleansing of the temple the emphasis on signs confirming Jesus identity the prominence of Jesus I Am sayings and a number of others The Fourth Evangelist relied on models motifs and even the macrostructure of the Book of Ezekiel
