The Governing Passion Cabinet Government And Party Politics In Britain 1885 86:

Dublin Castle and the First Home Rule Crisis: Volume 33 Sir George Fottrell, 2008-12-18 Collected primary sources providing a first hand account of the British attempt to negotiate a settlement of the Irish question The Governing Passion Alistair Basil Cooke, John Vincent, 1974 *The Liberal Ascendancy, 1830-1886* T. Jenkins, 1994-07-19 The diverse coalition of forces that came to be known as the Liberal party dominated British politics in the period between 1830 and 1886 This book seeks to account for the remarkable success of the Liberals by analysing who they were both in parliament and in the constituencies and showing how they managed to inter relate But at the same time it is emphasised that the dominance of the Liberals was seldom a simple matter let alone a foregone conclusion The complex story of the Liberal ascendancy requires the interweaving of high political strategy the practical business of government the electoral position of the party and the development of Liberal ideology It also involves assessing the personalities of outstanding individuals such as Earl Grey Lord John Russell Lord Palmerston and W E Gladstone **Esme Howard** B. J. C. McKercher, 2006-03-30 This well informed and readable biography of a hitherto neglected figure examines Howard s career **William Gladstone** Roland Quinault, 2016-03-03 William Ewart Gladstone 1809 98 was the outstanding statesman of the Victorian age He was an MP for over sixty years a long serving and exceptional Chancellor of the Exchequer and four times Prime Minister As the leader of the Liberal party over three decades he personified the values and policies of later Victorian Liberalism Gladstone however was always more than just a politician He was also a considerable scholar a dedicated Churchman and had a range of interests and connections that made him in many respects the quintessential Victorian Yet important aspects of Gladstone s life have received relatively little recent attention from historians This study reappraises Gladstone by focusing on five themes his reputation his representation in visual and material culture his personal life his role as an official and the ethical and political basis of his international policies This collection of original often multidisciplinary studies provides new perspectives on Gladstone s public and private life As such it illustrates the many sided nature of his career and the complexities of his personality *The Oxford Handbook of Modern British Political History, 1800-2000* David Brown, Robert Crowcroft, Gordon Pentland, 2018-03-29 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain s past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and

suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain's political past and a thought provoking long view for those interested in current political challenges *The China Question* T. G. Otte,2007-04-05 A global study of British policy over the China Question from 1894-1905 emphasizing the connections between European and overseas developments and encompassing diplomatic commercial financial and strategic factors as well as the politics of foreign policy **The Course of Irish History** T.
