Katz,2020 The untold story of the three intelligent and glamorous young women who accompanied their famous fathers to the Yalta Conference in February 1945 and of the conference s fateful reverberations in the waning days of World War II

The Evolution from Horse to Automobile Imes Chiu,2008 Little work has been done to explicate the motivational factors of agency particularly in cases where an artifact initially deemed ineffective or superfluous becomes an everyday necessity such as the automobile at the turn of the twentieth century Farmers saw it as a devil wagon but later adopted it for use as an all around device and power source What makes a social group change its position about a particular artifact How did the devil wagon overcome its notoriety to become a prosaic mainstream device These questions direct the research in this book While they may have been asked before author Imes Chiu PhD Cornell University brings a different and refreshing approach to the problem of newness Preexisting practices and work routines used as explanatory devices have something interesting to say about diffusion strategies and localization measures This innovative study examines the conversion of users To understand the motivating factors in mass adoption the study focuses on perceptions and practices associated with horses and motorcars in three different settings during three different periods All three cases begin with the motorcar in the periphery all three end with it achieving ubiquity This multiple case design is used for the purpose of theoretical replication Results in all three cases show that a contrived likeness to its competitor the horse contributed to the motorcar s success The motorcar absorbed the technical material structural and conceptual resources of the technology it displaced This book which includes several rare photographs will be an important resource for those who wish to study the history of transportation and technology adaptation The Great Battles and Leaders of the Second World War Winston Churchill, Sir,John

Keegan,1995-10-01 **Parameters** ,1996 **Air University Library Index to Military Periodicals** ,1997 **Atom**

between Science and Politics Ozias Marcovici,2019-06-19 The letter to President Roosevelt signed by Albert Einstein is the first document in the long and fascinating history of nuclear weapons in which science calls for the help of politicians and the military to achieve the grand American atomic project Shaken by the frightening effect of the bombs dropped on Hiroshima and Nagasaki Robert Oppenheimer the father of the atomic bomb resigned from the Los Alamos Laboratory only two months

later He was among the first to realize that the nuclear toy he had been working on day and night had fallen into the hands of politicians and soldiers for good This is a great book about the geniuses and the efforts to make the first Atom Bomb With a lot of genuine illustrations from many books dealing with this era Saga Publishing 2019 **Naval Engineers Journal** ,1996
