Truscott,1969 In 1965 the bridge world was rocked by an accusation of cheating at the world championships in Buenos Aires The pair involved were Britain s Terence Reese and Boris Schapiro two of the world s best players Now almost fifty years later the true inside story can be told the investigation the accusation and the very different results of the World Bridge Federation and British Bridge League inquiries **The House at High Bridge** Edgar Fawcett,1886 **Seeking the High Ground** Matthew Mason,2025-10-21 How American slavery engendered a new political vocabulary used on both sides of the Atlantic How is it Samuel Johnson famously asked on the eve of the Revolution that Americans could so vociferously demand freedom for themselves while so conspicuously continuing to deny it to those they held in slavery With *Seeking the High Ground* Matthew Mason helps answer that piercing question As he shows the language of slavery and freedom had long suffused Anglo American political debates in the eighteenth century with the Revolution emerging as one particularly hyperdramatic act during which combatants on both sides of the war of words connected the idea of slavery to the headline issues of the day Mason details how Patriots and Loyalists alike deployed the rhetoric of slavery in their debates about all the crucial questions of the day including republicanism taxation and representation and by claiming the moral high ground the nature of the Revolutionary War itself These debates left complex rhetorical and political legacies for those seeking to abolish and defend slavery in both the new US and the remaining British Empire **The Armchair Detective** ,1980 **The Girondin** Hilaire Belloc,1911 **Ghost in the Assembly** Jonathan Moeller,2025-03-11 A city of corrupt lords The plots of the serpent priests If Caina cannot find her way through the maze she will pay in blood Caina has come to the ancient city of New Kyre seeking the masters of the deadly Cult of Rhadamathar But the lords of New Kyre are treacherous and too corrupt to act in the face of the serpent priests Unless Caina risks everything the serpent priests will win a terrible and final victory [Chief Engineer](#) Erica Wagner,2017-06-27 A welcome tribute to the persistence precision and humanity of Washington Roebling and a love song for the mighty New York bridge he built The Wall Street Journal *Chief Engineer* is the first full biography of a crucial figure in the American story Washington Roebling builder of the Brooklyn Bridge One of America s most iconic and recognizable structures the Brooklyn Bridge is as much a part of New York as the Statue of Liberty or the Empire State Building Yet its distinguished builder is too often forgotten and his life is of interest far beyond his chosen field It is the story of immigrants the frontier the Civil War the making of the modern world and a man whose long life modeled courage in the face of extraordinary adversity *Chief Engineer* is enriched

by Roebling's own eloquent voice unveiled in his recently discovered memoir previously thought lost to history. The memoir reveals that his father John, a renowned engineer who made his life in America after humble beginnings in Germany, was a tyrannical presence in Roebling's life. It also documents Roebling's time as a young man in the Union Army when he built bridges that carried soldiers across rivers and saw action in pivotal battles from Antietam to Gettysburg. Safely returned, he married the remarkable Emily Warren Roebling, who would play a crucial role in the construction of the Brooklyn Bridge, Roebling's grandest achievement but by no means the only one. Elegantly written with a compelling narrative sweep, Chief Engineer introduces Washington Roebling and his era to a new generation of readers.
