The Great Terror Stalins Purge Of The Thirties:

The Great Terror Robert Conquest, 1968 The first full account of the purges Stalin ordered in the 1930s Pieces together how Stalin marked his past present and potential opponents for assassination or judicial murder **The Great Terror** Robert Conquest, 1990 The definitive work on Stalin s purges The Great Terror was universally hailed when it first appeared in 1968 In the last few years with the advent of glasnost an avalanche of new material has been made available Now Conquest has mined this wealth of new information to write a substantially new edition of his classic work *The Great Terror. Stalin's Purge of the Thirties.* (5. Print.). Robert Conquest, 1970 *The Great Terror* Robert Conquest, 1973 *The Great Terror; Stalin's Purge of the Thirties* 1917- Conquest, 1968 *The Great Terror* Robert Conquest (Historiker), 1971

The Great Terror, Stalin's Purge of the Thirties Robert Conquest (historien).), 1968 **Life and Terror in Stalin's Russia, 1934-1941** Robert W. Thurston, 1998-11-10 Examining Stalin s reign of terror this text argues that the Soviet people were not simply victims but also actors in the violence criticisms and local decisions of the 1930s It suggests that more believed in Stalin s quest to eliminate internal enemies than were frightened by it **Stalin and War, 1918-1953** David R. Shearer, 2023-09-11 Stalin and War 1918 1953 is the first book to examine the patterns of radicalized internal violence that characterized the Stalinist regime across the whole of the dictator s rule and it is one of the only works to connect patterns of internal violence to the dictator s perceptions of war and foreign threat Discussion focuses on the crisis years 1928 1932 1936 1939 the Great Fatherland War and the last war crisis period 1947 1953 Violent repressions under Stalin were cyclical They peaked and ebbed but in each case they were linked to Stalin s expectation of war and invasion to his perceived need for urgent internal mobilization and to intense foreign policy activity Stalin s behavior in each of these perceived war crises followed a pattern established during the dictator s experience as a military commander in the Russian revolutionary wars and especially during the Polish war in 1919 and 1920 Together these chapters trace a consistent and interconnected logic of war and repression throughout Stalin s political life This book will be of interest to professional scholars of Soviet history twentieth century history and World War II history and it is approachable enough to be appreciated by general readers *A Researcher's Guide to Sources on Soviet Social History in the 1930s* Sheila Fitzpatrick, Lynne Viola, 2016-07-22 The Stalin era has been less accessible to researchers than either the preceding decade or the postwar era The basic problem is that during the Stalin years censorship restricted the collection and dissemination of information and introduced bias and distortion into the statistics that were published while in the post Stalin years access to archives and libraries remained tightly controlled Thus it is not surprising that one of the main manifestations of glasnost has been the effort to open up records of the 1930s In this volume Western and Soviet specialists detail the untapped potential of sources on this period of Soviet social history and also the hidden traps that abound The full range of sources is covered from memoirs to official documents from city directories to computerized data bases
