The Greatest Gift Guide Ever:

The Greatest Gift Guide Ever Judith King, 1979 *The Greatest Gift Ever Given* Michael S. Ridenour, 2017-11-09 As a child in a non religious family Michael Ridenour found a Bible one day and began reading Initially excited by its lively stories he paused at the New Testament faced with a baffling inner question Where in the world is Christ today An unexpected answer came during his teenage years with a spontaneous experience of the Christ being but this only led to more questions Later discovering the work of Rudolf Steiner he found the authentic vision and language he needed to clarify and better comprehend his own experiences but the questions kept coming The Greatest Gift Ever Given is a fruit of Ridenour's life long search for answers a book that is at once deeply thoughtful humorous philosophical and poetic In Part I Raising the Foundation he studies the Judeo Christian mysteries After humanity's fall into materialism these mysteries signal the development of human individuality The impulse for self hood continues with Christ who brings a new path of divine love But the mystery of Christ leads naturally to his shadow Today we can no longer escape the question Where in the world is Judas Without Judas's betrayal Christ's greatest gift could never have been given We can't reject Judas but should transform him within ourselves In Part II Lowering the Temple Ridenour relates the theme of metamorphosis to the contemporary world Once guided by initiates personal transformation now needs to blossom from within each individual human soul The topic of evolution takes us to a consideration of the perennially controversial Charles Darwin as well as the intuitive approach of Goethe and the living thinking of Rudolf Steiner A rich treasure trove of ideas The Greatest Gift Ever Given sharpens a dynamic focus on current spiritual needs and contributes a thought provoking response to them [Reading Programs for Young Adults](#) Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults For them libraries become a place for work the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost So how do librarians recapture the interest of teenagers This just might be the answer Here you will find theme based units such as Cartoon Cavalcade Log On at the Library Go in Style Cruising the Mall Space Shots Teens on TV and 44 others that are designed for young adults Each includes a display idea suggestions for local sponsorship of prizes a program game to encourage participation 10 theme related activities curriculum tie in activities sample questions for use in trivia games or scavenger hunts ideas for activity sheets a bibliography of related works and a list of theme related films The units are highly flexible allowing any public or school library to adapt them to their particular needs [The New York Times Guide to the Best 1,000 Movies Ever Made](#) Peter M.
