Christian Drosten

The Great Debate Calvinism Arminianism And Salvation:

The Great Debate Alan P.F. Sell,1998-05-13 In The Great Debate Alan Sell draws attention to the debate on the question human salvation By examining the findings of the Calvinists and the Arminians the author hopes to remind us that convictions concerning God s grace and human s need are of central importance to any vital theology **The Great Debate** Alan P. F. Sell,1983 **Arminian Theology** Roger E. Olson,2009-08-20 Roger Olson sets forth classical Arminian theology and addresses the myriad misunderstandings and misrepresentations of it through the ages For anyone interested in the Calvinist Arminian debate this irenic yet incisive book argues that classical Arminian theology has a rightful place in the evangelical church because of its deep roots within Reformational theology Andrew Fuller Paul Brewster,2010 A biography of English pastor Andrew Fuller 1754 1815 highlighting his method of relating doctrine to ministry Book two of the Studies in Baptist Life Thought series *The Prose Works of Andrew Marvell: 1676-1678* Professor Annabel Patterson,Andrew Marvell,Annabel M. Patterson,2003-01-01 Andrew Marvell 1621 78 is best known today as the author of a handful of exquisite lyrics and provocative political poems In his own time however Marvell was famous for his brilliant prose interventions in the major issues of the Restoration religious toleration and what he called arbitrary as distinct from parliamentary government This is the first modern edition of all Marvell s prose pamphlets complete with introductions and annotation explaining the historical context Four major scholars of the Restoration era have collaborated to produce this truly Anglo American edition From the Rehearsal Transposed a serio comic best seller which appeared with tacit permission from Charles II himself through the documentary Account of the Growth of Popery and Arbitrary Government Marvell established himself not only as a model of liberal thought for the eighteenth century but also as an irresistible new voice in political polemic wittier more literary and hence more readable than his contemporaries **Equal Rites** Clyde R. Forsberg Jr.,2004-03-10 Both the Prophet Joseph Smith and his Book of Mormon have been characterized as ardently indeed evangelically anti Masonic Yet in this sweeping social cultural and religious history of nineteenth century Mormonism and its milieu Clyde Forsberg argues that masonry like evangelical Christianity was an essential component of Smith s vision Smith s ability to imaginatively conjoin the two into a powerful and evocative defense of Christian or Primitive Freemasonry was Forsberg shows more than anything else responsible for the meteoric rise of Mormonism in the nineteenth century This was to have significant repercussions for the development of Mormonism particularly in the articulation of specifically Mormon gender roles Mormonism s unique contribution to the Masonic tradition was its inclusion of women as active and equal participants in Masonic rituals Early Mormon dreams of empire in the Book of Mormon were motivated by a strong desire to end social and racial discord lest the country fall into the grips of civil war Forsberg demonstrates that by seeking to bring women into previously male exclusive ceremonies Mormonism offered an alternative to the male dominated sphere of the Master Mason By taking a median and mediating position between Masonry and Evangelicism Mormonism positioned itself

as a religion of the people going on to become a world religion But the original intent of the Book of Mormon gave way as Mormonism moved west and the temple and polygamy indeed the quest for empire became more prevalent The murder of Smith by Masonic vigilantes and the move to Utah coincided with a new imperialism and a new polygamy Forsberg argues that Masonic artifacts from Smith's life reveal important clues to the precise nature of his early Masonic thought that include no less than a vision of redemption and racial concord

The Ground of Election F. Stuart Clarke, 2006-12-01 The young Reformed scholar Arminius returned from finishing his studies to Amsterdam in 1588 to begin pastoral ministry His personal interests had been philosophical rather than theological and in the Bible the Old Testament rather than the New To his dismay he found the Dutch Reformed Church divided on theological issues especially predestination He was reluctant to get involved though in his Bible exposition in 1593 he got into trouble for expressing unacceptable views on Romans 9 He was hoping that Franciscus Junius the new Theological Professor at Leiden University would intervene in the controversy and restore harmony The two met in December 1596 and began a correspondence Arminius was disappointed with Junius' views Nevertheless he learned from Junius the centrality of Christ and his work for all that belongs to human salvation including predestination Arminius began to construct his own theology setting Christ's work at the heart of it This study retells the story with new emphases concentrating on Arminius' theological development up to his magnum opus the Declaration of Sentiments in 1608 and summarizing his conclusions in particular that Christ himself is the foundation of election and that we are saved by a new relationship with God through Christ Both these insights led him at last to reject the Calvinist concept of salvation and damnation through a hidden decree made in a Christ-less secret counsel of the divine wisdom Arminius was unsuccessful in the short term but this study contends that his views have much to teach us

Baptist Theology James Leo Garrett, 2009 This title offers a comprehensive analysis of Baptist theology Embracing in one common trajectory the major Baptist confessions of faith the major Baptist theologians and the principal Baptist theological movements and controversies this book spans four centuries of Baptist doctrinal history Acknowledging first the pre-1609 roots patristic medieval and Reformational of Baptist theology it examines the Arminian versus Calvinist issues that were first expressed by the General Baptists and the Particular Baptists that dominated English and American Baptist theology during the seventeenth and eighteenth centuries from Helwys and Smyth and from Bunyan and Kiffin to Gill Fuller Backus and Boyce and that were quickened by the awakenings and the missionary movement Concurrently there were the Baptist defense of the Baptist distinctives vis-à-vis the paedobaptist world and the unfolding of a strong Baptist confessional tradition Then during the nineteenth and twentieth centuries the liberal versus evangelical issues became dominant with Hovey Strong Rauschenbusch and Henry in the North and Mullins Conner Hobbs and Criswell in the South even as a distinctive Baptist Landmarkism developed the discipline of biblical theology was practiced and a structured ecumenism was pursued Missiology both impacted Baptist theology and took it to all the continents where it became increasingly indigenous Conscious that Baptists

belong to the free churches and to the believers churches a new generation of Baptist theologians at the advent of the twenty first century appears somewhat more Calvinist than Arminian and decidedly more evangelical than liberal Excusing Sinners and Blaming God Guillaume Bignon,2017-12-11 Calvinist determinism destroys moral responsibility and makes God the author of sin These two accusations are not new and were arguably anticipated by Paul in Romans 9 but they remain today the most important objections offered against Calvinist determinist views of human free will This book is a philosophically rigorous and comprehensive defense of Calvinism against these two families of arguments With respect to human moral responsibility it discusses whether determinism destroys free will turns humans into pets or puppets and involves or is analogous to coercion and manipulation It responds to the consequence argument and direct argument for incompatibilism the principle of alternate possibilities the ought implies can maxim and related claims With respect to the authorship of sin it discusses whether Calvinist determinism improperly involves God in evil Does it mean that God sins or causes sin or wills sin in problematic ways Does God intend our sin or merely permit sin In each case the coherence of the Calvinist view is defended against its most potent objections to reject the claim that Calvinism is excusing sinners and blaming God *Heresy, Literature and Politics in Early Modern English Culture* David Loewenstein,John Marshall,2006-12-21 This interdisciplinary volume of essays brings together a team of leading early modern historians and literary scholars in order to examine the changing conceptions character and condemnation of heresy in sixteenth and seventeenth century England Definitions of heresy and heretics were the subject of heated controversies in England from the English Reformation to the end of the seventeenth century These essays illuminate the significant literary issues involved in both defending and demonising heretical beliefs including the contested hermeneutic strategies applied to the interpretation of the Bible and they examine how debates over heresy stimulated the increasing articulation of arguments for religious toleration in England Offering fresh perspectives on John Milton Thomas Hobbes John Locke and others this volume should be of interest to all literary religious and political historians working on early modern English culture
