Allen,John Bartle,2017-06-29 The latest book in the long running Britain at the Polls series provides an indispensable account of the remarkable 2017 British general election Leading experts explain why Theresa May and the Conservatives lost their majority and analyse how the other political parties and voters responded to the 2016 Brexit referendum and ongoing austerity

White River Dam Water Development Project ,1982 **Green** Michel Pastoureau,2023-06-13 In this beautiful and richly illustrated book the acclaimed author of Blue and Black presents a fascinating and revealing history of the color green in European societies from prehistoric times to today Examining the evolving place of green in art clothes literature religion science and everyday life Michel Pastoureau traces how culture has profoundly changed the perception and meaning of the color over millennia and how we misread cultural social and art history when we assume that colors have always signified what they do today Filled with entertaining and enlightening anecdotes Green shows that the color has been ambivalent a symbol of life luck and hope but also disorder greed poison and the devil Chemically unstable green pigments were long difficult to produce and even harder to fix Not surprisingly the color has been associated with all that is changeable and fleeting childhood love and money Only in the Romantic period did green definitively become the color of nature Pastoureau also explains why the color was connected with the Roman emperor Nero how it became the color of Islam why Goethe believed it was the color of the middle class why some nineteenth century scholars speculated that the ancient Greeks couldn't see green and how the color was denigrated by Kandinsky and the Bauhaus More broadly Green demonstrates that the history of the color is to a large degree one of dramatic reversal long absent ignored or rejected green today has become a ubiquitous and soothing presence as the symbol of environmental causes and the mission to save the planet With its striking design and compelling text Green will delight anyone who is interested in history culture art fashion or media *The Green Goddess* Louise Jordan Miln,2020-09-28 The Vicar was suffering almost as much as he had suffered the night that Helen his wife had died and because he was suffering he dressed his fine cameo like face in its sunniest smile That was his way part of his creed of daily life an intrinsic part of his self A godly man in the sweetest and strongest senses of that overused word Philip Reynolds had a wholesome flair for the things of earth that both mellow human life and give it a tang He liked his dinner and he liked it good He loved his roses and he was vastly proud of his turnips His modest cellar was admirably stocked He enjoyed the logs that burned and glowed on his wide hearths He was fond of his books both inside and out If he found a newly purchased book he subscribed to no library little worth reading he discarded it He gave it away if he held it harmless if he thought it a hurtful volume he burned it But his taste was broad and his charity to books as well as to people was wide He played a good hand of bridge though Lucilla his girl played even a better But he could beat the county at whist and most of it at chess He still could give a crack tennis player a game and he could ride neck and neck with the next and so

could Lucilla But all these things were so much to him only because they that he loved were so greatly more There were four big human loves in his being and keeping Three whom he loved were out in the churchyard only one Lucilla still lived But he loved the three as actively now as he had when they had been here in the vicarage with him And the creature things he cared for and cultivated wine food games flowers books he cared for and appreciated most because he associated them with the beings of his strong living love his mother his wife Jack his boy and Lucilla his daughter
