The Sit-Ins Christopher W. Schmidt,2018-03-13 On February 1 1960 four African American college students entered the Woolworth department store in Greensboro North Carolina and sat down at the lunch counter This lunch counter like most in the American South refused to serve black customers The four students remained in their seats until the store closed In the following days they returned joined by growing numbers of fellow students These sit in demonstrations soon spread to other southern cities drawing in thousands of students and coalescing into a protest movement that would transform the struggle for racial equality The Sit Ins tells the story of the student lunch counter protests and the national debate they sparked over the meaning of the constitutional right of all Americans to equal protection of the law Christopher W Schmidt describes how behind the now iconic scenes of African American college students sitting in quiet defiance at whites only lunch counters lies a series of underappreciated legal dilemmas about the meaning of the Constitution the capacity of legal institutions to remedy different forms of injustice and the relationship between legal reform and social change The students actions initiated a national conversation over whether the Constitution s equal protection clause extended to the activities of private businesses that served the general public The courts the traditional focal point for accounts of constitutional disputes played an important but ultimately secondary role in this story The great victory of the sit in movement came not in the Supreme Court but in Congress with the passage of the Civil Rights Act of 1964 landmark legislation that recognized the right African American students had claimed for themselves four years earlier The Sit Ins invites a broader understanding of how Americans contest and construct the meaning of their Constitution

Talking, Drawing, Writing Martha Horn,Mary Giacobbe,2023-10-10 In the early grades talking and drawing can provide children with a natural pathway to writing yet these components are often overlooked In *Talking Drawing Writing Lessons for Our Youngest Writers* authors Martha Horn and Mary Ellen Giacobbe invite readers to join them in classrooms where they listen watch and talk with children then use what they learn to create lessons designed to meet children where they are and lead them into the world of writing The authors make a case for a broader definition of writing advocating for formal storytelling sessions in which children tell about what they know and for focused sketching sessions so that budding writers learn how to observe more carefully The book s lessons are organized by topic and include oral storytelling drawing writing words assessment introducing booklets and moving writers forward Based on the authors work in urban kindergarten and first grade classes the essence and structure of many of the lessons lend themselves to adaptation through fifth grade The lessons follow a consistent format What s going on in the classroom What

do children need to learn next Materials needed to teach the lesson Language used in each lesson Reasons behind why certain books are chosen and suggestions for additional children s books The authors show the thinking behind their teaching decisions and provide a way to look at and assess children s writing giving us much more than a book of lessons they present a vision of what beginning writing can look and sound like Perhaps most powerfully they give us examples of the language they use with children that reveal a genuine respect for and trust in children as learners Boxed into Love Candice Prentice,Nancy Toback,2013-05-01 Glen is everything Shannon admires and everything she fears Organized button down and a little bit uptight He s certainly not the kind of man she should fall in love with She d drive him crazy But when Shannon s junk shop is mistaken for his antique store and a valuable box is wrongfully sold the two must work together to get it back before the box s owner brings her lawyers down upon them Between the threats the thieves and their differences will Glen and Shannon s hearts ever connect Crazy in Love Crystal B. Bright,2017-10-17 Back on top R B singer Chantel Evans had it all until the Princess of Love Ballads lost everything First a very public betrayal by her lover and the death of her mother lead to a career ending mental breakdown Then at the same time her attorney makes off with all her hard earned fortune The only chance she has of resurrecting her career is in the recording studio her mother left in her name When struggling country star Truman Woodley has his recording duet with a sultry young singer fall flat at Chantel s studio Chantel is faced with a rare second chance until Truman s vindictive ex girlfriend turns the pair s sparkling debut into grounds for a custody battle over their son But Chantel has discovered more than sweet vocal harmony with Truman She s found something worth fighting for And when Truman surprises her with a kiss after a live television performance the whole world will find out just what it takes to be crazy in love Praise for Crystal B Bright Engaging characters you want to get to know better Library Journal on The Look of Love **Black Eagles** Leslie Lee,1992 **The Eclipse of Equality** Solon Simmons,2013-04-10 Red state vs blue state Republican vs Democrat Fox News vs The Daily Show The so called culture wars have become such a fixture of American politics that dividing the country into rival camps seems natural and political gridlock seems inevitable Entering the fray Solon Simmons offers an intriguing twist on the debate Our disagreements come not from unbridgeable divides but from differing interpretations of a single underlying American tradition liberalism Both champions of traditional liberal values Republicans have become the party of individual freedom while Democrats wear the mantle of tolerance Lost in this battle of sides is the third pillar of liberalism equality Simmons charts the course of American politics through the episodes of Meet the Press On the air since 1945 Meet the Press provides an unparalleled record of living conversation about the most pressing issues of the day In weekly discussions the people who directly influenced policy and held the reins of power in Washington set the political agenda for the country Listening to what these people had to say and importantly how they said it Meet the Press opens a window on how our political parties have become so divided and how notions of equality were lost in the process Telling the story of the American Century Simmons investigates four themes

that have defined politics and in turn debate on Meet the Press war and foreign affairs debt and taxation race struggles and class and labor relations and demonstrates how political leaders have transformed these important political issues into symbolic pawns as each party advocates for their own understanding of liberty whether freedom or tolerance Ultimately with The Eclipse of Equality he looks to bring back to the debate the question lurking in the shadows how can we ensure the protection of a peaceful civil society and equality for all *Jet* ,1973-01-11 The weekly source of African American political and entertainment news
