

The Six Stages of Parenthood

"A book that is useful and important."

The New York Times

"Galinsky explores her intriguing theory in detail in this book, and the stories of the parents she interviewed make that theory come to life."

Parenting Advisor

Almost all books for parents focus on the way children develop. Ellen Galinsky, instead, writes about how parents develop. Drawing on the work in adult development of Erik Erikson and Daniel Levinson, she describes six distinct stages in the life of a parent: the image-making that occurs during pregnancy; the nurturing role that swallows parents up from birth through the first couple of years; the authority parents must develop as small children show independence; the interpretive stage when parents explain the world and their values to school-age children; the interdependent stage when teenagers challenge authority; and the departure years when parents let go and take stock of their accomplishments and failures.

Few parents will be able to resist tracing their own "passages" with the help of this book, and all those who do will find new insight and enjoyment at each stage.

Ellen Galinsky has been on the faculty of Bank Street College of Education in New York City for over twenty years. She directs many national and international research projects there and is a consultant on child and adult development to day-care programs, corporations, and the media. She is the author of *The New Extended Family*, *Family Matters in the Preschool Years*, and *Beginnings*.

Six Stages Of Parenthood:

Between Generations Ellen Galinsky, 1987-01-01 *The Six Stages Of Parenthood* Ellen Galinsky, 1987-01-22 Few parents will be able to resist tracing their own passages with the help of this book and all those who do will find new insight and enjoyment at each stage *Six Stages of Parenthood* Ellen Galinsky, 1980-10-01 Families in Motion Clara Gerhardt, 2019-11-13 Dynamics of the family can be seen as a complex set of interrelated cogs like the dials and wheels within a sophisticated timepiece Families in Motion Dynamics in Diverse Contexts is a clear comprehensive and contextual view of how the dials and wheels of that complex set work together With a focus on multicultural competence through diverse contexts and examples this new text explores the complexities of the family regarding roles functions and development in a way that is approachable for students Grounded in theory and using 40 years of academic experience author Clara Gerhardt guides readers through concepts of family theories and examines the ever changing movement communication and conditions of both the family as a system and each member within the system Covering approaches from the theoretical to the therapeutic Families in Motion will support students in extending their cultural competence while understanding families and their members with greater confidence **Handbook of Parenting: Being and becoming a parent** Marc H. Bornstein, 2002 Despite the fact that most people become parents and everyone who has ever lived has had parents parenting remains a mystifying subject about which almost everyone has opinions but about which few people agree Striking permutations on the theme of parenting are emerging single parenthood blended families lesbian and gay parents and teen versus fifties first time moms and dads Divided into four volumes the Handbook of Parenting is concerned with different types of parents basic characteristics of parenting forces that shape parenting problems faced by parents and the practical sides of parenting Contributors have worked in different ways toward understanding all of these diverse aspects of parenting and look to the most recent research and thinking in the field to shed light on many topics every parent has wondered about Because development is too subtle dynamic and intricate to admit that parental caregiving alone determines the course and outcome of ontogeny **Child in the Emerging Indian Society** Mr. Rohit Manglik, 2023-03-23 Explores challenges faced by children in evolving societal structures Handbook of Parenting Marc H. Bornstein, 2005-02-16 Please see Volume I for a full description and table of contents for all four volumes **Dating and Sexuality in America** Jeffrey S. Turner, 2003-11-04 A highly informative account of trends concepts and problems related to dating and sexuality in the United States along with thought provoking coverage of today's most important issues and controversies A history of dating and sexuality illuminates new trends and problems that were absent just a few decades ago The most important dating and sexuality issues facing teenagers today are explored including solutions and implications for educational intervention The work elucidates how dating unfolds and how sexual attitudes and behaviors impact intimacy Valuable information about organizations and individuals as well as print and electronic resources are included in this authoritative work **Early**

Childhood Education Kimberly A. Gordon Biddle, Ana Garcia-Nevarez, Wanda J. Roundtree Henderson, Alicia Valero-Kerrick, 2013-01-02 Early Childhood Education Becoming a Professional is an inspiring introduction to the world of early childhood education preparing the teachers of tomorrow to reach their full potential in their schools and communities Written by a diverse and experienced author team Kimberly A Gordon Biddle Ana Garcia Nevarez Wanda J Roundtree Henderson and Alicia Valero Kerrick this text engages readers to connect contemporary educational and developmental theory and research to developmentally appropriate practices and applications that are easily implemented in the classroom In response to today s ever changing educational environment the text focuses on both the importance of taking personal and professional responsibility as well as today s issues in diversity from supporting children with exceptionalities to supporting children and families in broader cultural contexts

Children and Families in the Social Environment James Garbarino, 2017-07-12 The first edition of this volume successfully applied Bronfenbrenner s micro systems taxonomy to childrearing and family life Emphasizing how forces in the environment influence children s behavior Garbarino has staked out an intermediate position between the psychoanalytic and the systems approach to human development Taking cognizance of new research and of changes in American society Garbarino has once again carefully analyzed the importance of children s social relationships For this wholly revised second edition he has incorporated a greater emphasis on ethnic cultural and racial issues
