## **Sizeable Reflections Big Women Living Full Lives:**

*The Body Positivity Movement* Gemma Lucy Gibson, 2025-09-30 The Body Positivity Movement A Story of Acceptable Fatness investigates the contemporary body positivity movement and its origins Starting in 1969 using memoirs life writing and autobiography author Gemma Lucy Gibson traces body positive activities and practices of the fat activist movement up to the present day

**The Overweight Patient** Kathy Leach, 2006 The book explores the underlying beliefs and behaviours that may contribute to obesity including psychological needs addiction fear of deprivation parental influences and sexual fears The author draws a useful distinction between the need to eat and the need to maintain a large body size and addresses both LT obesity and ST weight gain

Women and Exercise Eileen Kennedy, Pirkko Markula, 2011-01-12 Exercise for women is a heavily laden social and embodied experience While exercise promotion has become an increasingly visible part of health campaigns obesity among women is rising and studies indicate that women are generally less physically active than men Women's lack of exercise therefore has become a public concern and physiological and psychological research has attempted to develop more effective exercise programs aimed at women Yet women have a complex relationship with embodiment and physical activity that is difficult for quantitative scientific approaches to explore This book addresses this neglect by providing a much needed feminist qualitative social analysis of women and exercise The contributors drawn from across Europe and North America investigate the ways women experience exercise within the context of the global fitness industry All the authors take a specifically feminist perspective in their analysis of the fit feminine body exploring media images and the global branding of fitness products the relationship between exercise and fat the construction of physical activity within health discourse and the lived experience of the exercising body The collection explores the diversity of women's experiences of exercise in relation to age ethnicity and body size The book is essential for anyone interested in health promotion sport and exercise or the social and cultural study of gender and embodiment

**Through the Wardrobe** Ali Guy, Maura Banim, Eileen Green, 2001 This text sets out to fill a gap in the existing literature on the ambivalence of fashion and dress by drawing on a wide range of women's experiences with their wardrobes and providing empirical data

Health, Food and Social Inequality Carolyn Mahoney, 2015-02-20 Health Food and Social Inequality investigates how vast amounts of consumer data are used by the food industry to enable the social ranking of products food outlets and consumers themselves and how this influences food consumption patterns This book supplies a fresh social scientific perspective on the health consequences of poor diet Shifting the focus from individual behaviour to the food supply and the way it is developed and marketed it discusses what is known about the shaping of food behaviours by both social theory and psychology Exploring how knowledge of social identities and health beliefs and behaviours are used by the food industry Health Food and Social Inequality outlines for example how commercial marketing firms supply food companies with information on where to locate snack and fast foods whilst also advising governments on where to site health services for those consuming such foods

disproportionately Giving a sociological underpinning to Nudge theory while simultaneously critiquing it in the context of diet and health this book explores how social class is an often overlooked factor mediating both individual dietary practice and food marketing strategies This innovative volume provides a detailed critique of marketing and food industry practices and places class at the centre of diet and health It is suitable for scholars in the social sciences public health and marketing
