Which Degree? ,1985 **Philosophy and the Study of Education** Tom Feltham,2019-03-26 Combining contributions from international academics and practitioners this new text develops students ability to philosophise as well as learn about philosophy and education It considers issues concerned with the interface between education and wider society but goes beyond this to explore education and philosophy at a micro level the teacher learner relationship It challenges and empowers students to use philosophy as a tool within education as a set of theories to understand education and as a potential means to develop solutions to problems as they occur within practice Assuming no pre-existing philosophical background Philosophy and the Study of Education explores complex topics including encouraging young people to criticise and challenge all authority the limits of a religious based education the desire for alternative facts or truths the second class status of vocational pursuits the inherent struggle in the teacher student relationship the relationship between emotion morality and autonomy in teaching Including discussion questions and further recommended reading this thought providing book will support and inspire all those on Education Studies Childhood Studies and Youth Studies courses in developing a critical perspective and understanding the true value of philosophy within education Which Degree 1997 ,1996-05 One of a

series this book gives information on Arts Humanities and language first degree courses It is divided into subject chapters with courses arranged alphabetically by title and institution Each course entry includes the course length mode of study UCAS code and entrance requirements **Whitaker's Books in Print** ,1998 *Reading Under Control* Rebecca

Bunting,Centre for Language Education and Research,1997 The aim of this text is to help students and teachers create a rich environment for reading and to develop a principled and secure understanding of the processes and practices involved so that they can bring and keep reading under control The book places the teaching of reading in a theoretical political and historical framework and presents coverage of all key issues Readers should be able to recognize evaluate and make considered use of the various beliefs approaches routines resources and assessment procedures that are found in schools

Children's books are discussed and current reading schemes are assessed Individual teachers are encouraged to develop their own practice on firm foundations

Failing Boys? Debbie Epstein, 1998-11-16 *Failing Boys* Issues in Gender and Achievement challenges the widespread perception that all boys are underachieving at school It raises the more important and critical questions of which boys At what stage of education And according to what criteria The issues surrounding boys underachievement have been at the centre of public debate about education and the raising of standards in recent years Media and political responses to the problem of boys have tended to be simplistic partial and owe more to quick fixes than investigation and research *Failing Boys* provides a detailed and nuanced case study of the issues in the UK which will be of international relevance as the moral panic is a globalised one taking place in diverse countries The contributors to this book take seriously the issues of boys underachievement inside and outside school from a critical perspective which draws on the insights of previous feminist studies of education to illuminate the problems associated with the education of boys This will be a key text for educators policy makers students and teachers of education sociology gender studies and cultural studies and others interested in gender and achievement
