Teaching Citizenship Through Traditional:

Teaching Citizenship Through Traditional Tales Sue Ellis, Deirdre Grogan, 2003 Scholastic Teacher Bookshop provides a wonderful range of titles reflecting current issues in education as well as the most popular primary curriculum areas Teachers can browse through The Bookshop and choose those titles that meet their particular needs and take their fancy The varied format of titles in this series enables subjects to be covered in a way that is most appropriate to the content In real life choices between right and wrong are often not a simple matter Children need to learn how to make balanced judgement based on consideration of all the facts Often the safest environment in which to look in depth at such issues is a fictional one And one of the most appropriate genres of fiction for this age group is traditional tales Working within the context of traditional tales enables children to express their own opinions and explore their true beliefs in a fun safe and make believe context This book provides thought provoking letters relating to a number of well known traditional tales and around which discussion and writing can be focused Through using the letters children are encouraged to explore concepts of fairness the nature of right and wrong the process of making moral judgements and decisions human nature motivation and relationships value power and uses of money the ways in which different situations can be interpreted and how their own views are informed by their own experiences (Re)Constructing Memory: Textbooks, Identity, Nation, and State James H. Williams, Wendy D. Bokhorst-Heng, 2016-07-08 This book engages readers in thirteen conversations presented by authors from around the world regarding the role that textbooks play in helping readers imagine membership in the nation Authors voices come from a variety of contexts some historical some contemporary some providing analyses over time But they all consider the changing portrayal of diversity belonging and exclusion in multiethnic and diverse societies where silenced invisible marginalized members have struggled to make their voices heard and to have their identities incorporated into the national narrative The authors discuss portrayals of past exclusions around religion ethnicity sexual orientation as they look at the shifting boundaries of insider and outsider This book is thus about who we are not only demographically but also in terms of the past especially how and whether we teach discredited pasts through textbooks The concluding chapters provides ways forward in thinking about what can be done to promote curricula that are more inclusive critical and positively bonding in increasingly larger and more inclusive contexts Learning to Teach Citizenship in the Secondary School Liam Gearon, 2014-11-26 Praise for previous editions A comprehensive and illuminating resource on both citizenship and citizenship education David Hicks Times Educational Supplement What is the role of citizenship How can it be taught effectively Learning to Teach Citizenship in the Secondary School is an essential resource for students training to teach citizenship in the secondary school as well as teachers of citizenship looking for fresh ideas and guidance Written by leading experts in the field the book is underpinned by the latest research and theory and explores a variety of inspirational approaches to teaching and learning in a subject which provides a critical underpinning to the whole school curriculum This

new third edition has been comprehensively updated and restructured to emphasise the role of citizenship across the curriculum exploring a wider range of subjects including geography modern foreign languages mathematics and science Key topics include historical origins and contemporary contexts developing subject knowledge and skills of enquiry effective lesson plans schemes of work and assessment citizenship beyond the classroom community based work and learning outdoors citizenship across the curriculum English drama and media history geography and religious education modern foreign languages mathematics and science and RE research in citizenship Including key objectives and chapter summaries together with carefully developed tasks to support your own professional development Learning to Teach Citizenship in the Secondary School is designed to develop theoretically informed good practice in citizenship education It is a source of support guidance and creative ideas for all training citizenship teachers and those teaching the subject as non specialists and offers specialists new insight into this crucial subject

Who's Afraid of Political Education? Henry Tam, 2024-12-10
Democracy should enable citizens to play an informed role in determining how power is exercised for their common wellbeing but this only works if people have the understanding skills and confidence to engage effectively in public affairs Otherwise any voting system can be subverted to serve the interests of propagandists and demagogues This book brings together leading experts on learning for democracy to explore why and how the gap in civic competence should be bridged Drawing on research findings and case examples from the UK the US and elsewhere it will set out why change is necessary what could be taught differently to ensure effective political engagement and how a lasting impact in improving citizens learning for democratic participation can be made

Teaching in the Cracks Brian D. Schultz, 2017 This engaging book shows how teachers and schools are creating emergent democratic progressive education amidst the current context of high stakes accountability In this follow up to his bestseller *Spectacular Things Happen Along the Way* Schultz explores how today's rhetoric and restrictive mandates result in curriculum that fails to capture the attention of students For meaningful learning that develops transferable skills and engages students teachers and sometimes whole schools need to find spaces to teach in the cracks so that students can connect with issues relevant to their lives *Teaching in the Cracks* provides both a theoretical and practical foundation for incorporating an action focused curriculum that meets academic standards and provides students with opportunities for agency and to use their voices in their own learning Through compelling examples Brian Schultz shares how educators can help students use their powers From the Foreword by Deborah Meier teacher principal and advocate This book is an invitation to rethink teaching from top to bottom to dive into classroom life as a passionate adventure in discovery and surprise From the Afterword by William Ayers education activist For teachers who genuinely seek to make a difference through their work this book will be a helpful resource Pedro A Noguera University of California Los Angeles

Equality in the Secondary School Mike Cole, 2009-12-22
Draws together a wealth of knowledge from a varied list of contributors all of whom recognise the importance of promoting

equality in secondary schools The Education and Care of Children with Severe, Profound and Multiple Learning Disabilities Richard Aird, 2013-12-19 This is a practical guide to managing the whole curriculum for children with severe learning difficulties SLD Crucial guidance and effective strategies are provided on how to reconcile the rights needs and aspirations of such children in light of recent national trends and QCA guidelines **Educating the Global Environmental Citizen** Greg William Misiaszek, 2017-12-15 Misiaszek examines the disconnection between critical global citizenship education models and ecopedagogy which is grounded in Paulo Freire's pedagogy Exploring how concepts of citizenship are affected by globalization this book argues that environmental pedagogues must teach critical environmental literacies in order for students to understand global environmental issues through the world's diverse perspectives Misiaszek analyses the ways environmental pedagogies can use aspects of critical global citizenship education to better understand how environmental issues are contextually experienced and understood by societies locally and globally through issues of globalization colonialism socio economics gender race ethnicities nationalities indigenous issues and spiritualities

Reading and Writing for Civic Literacy Donald Lazere, 2017-07-05 Lazere's book is heaven sent and will provide a crucial link in the chain of understanding how conflicts are structured and most importantly how they can be rationally addressed a healthy antidote to the scepticism that has become so pervasive in academic life Alan Hausman Hunter College This innovative book addresses the need for college students to develop critical reading writing and thinking skills for self defence in the contentious arena of American civic rhetoric In a groundbreaking reconception of composition theory it presents a comprehensive critical perspective on American public discourse and practical methods for its analysis Exercises following the text sections and readings help students understand the ideological positions and rhetorical patterns that underlie opposing viewpoints in current controversies such as the growing inequality of wealth in America and its impact on the finances of college students as expressed in paired sets of readings from the political left and right Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media as well as in education itself are foregrounded as topics for rhetorical analysis

The Top Books of the Year Teaching Citizenship Through Traditional The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. Teaching Citizenship Through Traditional : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Teaching Citizenship Through Traditional : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Teaching Citizenship Through Traditional : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Paffenbarger, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and thrilling novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
