become parents for adults with intellectual disabilities A powerfully argued call for sexual and reproductive justice for people with intellectual disabilities Already Doing It urges a shift away from the compulsion to manage deviance better known today as harm reduction because the right to pleasure and intellectual disability are not mutually exclusive In so doing it represents a vital new contribution to the ongoing debate over who in the United States should be allowed to have sex reproduce marry and raise children Resources in Education ,1995-04 *Catalog of Copyright Entries.
