Teaching Young Children In Violent Times 2nd:

Play from Birth to Twelve Doris Pronin Fromberg, Doris Bergen, 2012-11-12 In light of recent standards based and testing movements the issue of play in childhood has taken on increased meaning for educational professionals and social scientists This second edition of *Play From Birth to Twelve* offers comprehensive coverage of what we now know about play its guiding principles its dynamics and importance in early learning These up to date essays written by some of the most distinguished experts in the field help students explore all aspects of play including new approaches not yet covered in the literature how teachers in various classroom situations set up and guide play to facilitate learning how play is affected by societal violence media reportage technological innovations and other contemporary issues which areas of play have been studied adequately and which require further research

Teaching Practice for Early Childhood Rosemary Perry, 2013-03 This fully updated new edition will help you prepare for and make the most of your teaching practice in a variety of early childhood settings which cater for children from birth to eight years

Promoting Social Justice for Young Children Beatrice S. Fennimore, A. Lin Goodwin, 2011-04-05 This book explores important current social justice issues that confront young children in America A broad range of topics related to the fair treatment of young children and their families are approached with a fresh and hopeful energy The central argument of this volume is that a fair and just society must protect the basic needs of all children so they are able to reach their full potential to learn grow and ultimately become productive democratic citizens The book includes contributions from an impressive group of authors who have been consistent voices for the fair and equitable treatment of children in school and society Each chapter examines a critical issue in child social justice with a focus on the current problem historical importance of the issue potential solutions and a vision for the future The book has been developed to reach a wide audience of professionals whose work involves children and who have grown concerned about social forces that cause child suffering and threaten the well being or even the survival of children in the United States Readers will come away with up to date information and a renewed commitment to being life long advocates for children

Teaching the Dimensions of Literacy Stephen B. Kucer, Cecilia Silva, 2012 *Teaching the Dimensions of Literacy* provides both the conceptual knowledge to support teachers instructional decisions in the reading literacy classroom and a multitude of instructional strategy lessons for classroom use with both monolingual and bilingual students It proposes that teachers need to help children become code breakers the linguistic dimension meaning makers the cognitive dimension text users and critics the sociocultural dimension and scientists the developmental dimension Acknowledging and addressing all four dimensions this text links literacy theory literacy research and literacy practice in a useable way Covering both reading and writing it features clear concise and useable reading and writing strategy lessons and ways to modify them for different types of students Changes in the Second Edition Entirely reorganized the text is more user friendly builds a stronger link between theory and practice and makes it is easier for teachers to locate appropriate strategy lessons to use with their

students Academic literacy is addressed more fully Standing Up for Something Every Day Beatrice S. Fennimore, 2014-05-01 Standing Up for Something Every Day is written for present and future teachers in the early childhood classroom who truly want to make a difference in the lives of children Exploring some of the most complex and pressing social and ethical dilemmas confronting early childhood educators the author provides concrete ways of addressing social justice concerns in practice Four model teacher guides accompany readers from chapter to chapter and demonstrate strategies for standing up for children through ethics respect for diversity and commitment to advocacy for children This book offers important insights encouragement and practical suggestions to early childhood educators who are committed to excellence and equity in their classrooms The War Play Dilemma Diane E. Levin, 2006 As violence in the media and media linked toys increases parents and teachers are also seeing an increase in children s war play The authors have revised this popular text to provide more practical guidance for working with children to promote creative play and for positively influencing the lessons about violence children are learning Using a developmental and sociopolitical viewpoint the authors examine five possible strategies for resolving the war play dilemma and show which best satisfy both points of view banning war play taking a laissez faire approach allowing war play with specified limits actively facilitating war play and limiting war play while providing alternative ways to work on the issues New for the Second Edition are more anecdotal material about adults and children s experiences with war play including examples from both home and school settings greater emphasis on the impact of media and commercialization on children s war play including recent trends in media programming marketing and war toys expanded discussion about the importance of the distinction between imitative and creative war play and summary boxes of key points directed at teachers or parents New information about violent video games media cross feeding and gender development and sex role stereotyping

Rebuilding Sustainable Communities for Children and their Families after Disasters Adenrele Awotona, 2009-12-14 Disasters impose enormous misery on children the most vulnerable members of the community Records show that two million children have died as a direct consequence of armed conflict over the past decade Globally millions more have suffered death disease and dislocation as a result of such natural disasters as earthquakes droughts and floods And even when emergency relief is available permanent human damage remains all too often families fall apart women are assaulted and degraded and children are left to take care of themselves In November 2008 the Center for Rebuilding Sustainable Communities after Disasters at the University of Massachusetts Boston USA hosted an international conference to examine how to reconstruct sustainable communities that would be safe and secure for children and their families after disasters This volume collects some of the papers that were presented at the conference It is remarkable for the sheer assortment of topics covered These include the role of gender equality in alleviating poverty and assisting children their families and their communities after disasters war and child soldiers lessons from Hurricane Katrina and the Tsunami the nature of psychosocial resilience and its significance for managing mass emergencies disasters and

terrorism and the promotion of human dignity in the creation of sustainable environments that empower families in the aftermath of disasters
