You, Your Child and Music Barbara Schneiderman,2011-08-05 Pianist author lecturer and beloved teacher Barbara Schneiderman shows how parent and child can come together around the joys of making music This book is both playful and profound clearly describing how to engage and transform children of all ages into lovers of music listening and performing Chapters range from ways to inspire beginning students to detailed analysis of music theory and composition

They reflect the author's remarkable career which began when she performed on the radio at age 11. An admiring listener recommended her to Sydney Foster, the first of several renowned teachers including Horazio Frugoni, Walter Piston, and Aube Tzerko. She conducted a Musical Nursery for the children of graduate students in the living room of her married student apartment at Harvard. She went on to provide private lessons to award-winning students in both the Suzuki and traditional systems. Her master classes were in great demand around the country. Barbara gained degrees from Harvard, the Royal Academy in London, and the University of California San Diego and enjoyed a long career of amateur and professional chamber music recitals. An earlier book, *Confident Music Performance: The Art of Preparing*, is considered a classic in the field.

How to Teach Your Baby to Read Glenn Doman, Janet Doman, 2014-02-05 OVER 13 MILLION COPIES SOLD Time and again the work performed at The Institutes for the Achievement of Human Potential has demonstrated that children from birth to age six are capable of learning better and faster than older children. *How To Teach Your Baby To Read* shows just how easy it is to teach a young child to read while *How To Teach Your Baby Math* presents the simple steps for teaching mathematics through the development of thinking and reasoning skills. Both books explain how to begin and expand each program, how to make and organize necessary materials, and how to more fully develop your child's reading and math potential. *How to Give Your Baby Encyclopedic Knowledge* shows how simple it is to develop a program that cultivates a young child's awareness and understanding of the arts, science, and nature, to recognize the insects in the garden, to learn about the countries of the world, to discover the beauty of a Van Gogh painting, and much more. *How To Multiply Your Baby's Intelligence* provides a comprehensive program for teaching your young child how to read, to understand mathematics, and to literally multiply his or her overall learning potential in preparation for a lifetime of success. The Gentle Revolution Series. The Institutes for the Achievement of Human Potential has been successfully serving children and teaching parents for five decades. Its goal has been to significantly improve the intellectual, physical, and social development of all children. The groundbreaking methods and techniques of The Institutes have set the standards in early childhood education.
