Scott Hahn, Curtis Mitch, 2011-05 Large format featuring large text size and additional margin space for personal annotations
The larger format enhances both individual and group study This volume in the popular series of the Ignatius Catholic Study
Bible covers the three letters of St John and the Book of Revelation or Apocalypse The three Johannine letters are explored
first with ample notes and reflections representing the best of contemporary and traditional scholarship and commentary The
largest portion of this volume is devoted to the Revelation to John also called the Book of Revelation and the Apocalypse from
the Greek meaning unveiling Written in highly symbolic style the Revelation to John is perhaps the most difficult book of the
Bible to understand Scholars have long debated whether the book is concerned mainly with a symbolic depiction of the
struggle of good against evil or whether it applies to specific events in history its own time the general course of Church
history or the end of the world The annotations and commentary on this volume draw on the best elements from each
approach while emphasizing the biblical author's immediate intention to recount the heavenly vision he received as it applied
to his own time Modern scholarship as well as insights from the Church Fathers and other classic commentators help the
reader make sense of what many people regard as a confusing book The Ignatius Catholic Study Bible includes Topical
Essays Word Studies and Charts Each page features an easy to use Cross Reference Section Study Questions are provided for
each biblical book which can be used for personal or group study of the Word of God Each biblical book includes an
introductory essay covering questions of authorship date destination structure and themes Also included are outlines of each

Enchanted by Eternity William J. Slattery, 2025-01-20 Whether we realize it or not, Catholics have been deeply influenced by modernity's failed worldview. While we want to live and share our faith with joy, we struggle to do so because we unwittingly see the cosmos, the human person, and society as machines functioning independently of their Creator and of one another. If we want to bring the life-transforming effects of our faith into the world, we must first find and live real Catholicism, breaking free of the gravitational pull of modernity's worldview. A worldview is the stable, all-encompassing way in which each of us looks at reality through the pair of glasses through which we see the world around us. It makes up the grid of given assumptions and presuppositions through which we view the world. It colors what we mean by God, universe, and human. Everyone has a worldview, and recognizing our worldview and the worldviews of others is crucial in our search for truth, goodness, and beauty. In *Enchanted by Eternity*, Fr. William Slattery shows how Catholicism proposes an enchanted and enchanting view of self, nature, society, and the future of each human person created to live in a resurrected body in the new heavens and the new earth. As this book reveals, rediscovering a truly Catholic worldview will change the way we live, and it might even change the world.

St. John's Gospel Stephen K. Ray, 2011-06-17 As Catholics in ever-growing numbers are taking part in Bible studies, many questions arise: How do I study the Bible? Where do I begin? Is it OK to interpret the Bible for ourselves? What Bible should I use? How can I understand such a deep book as the Gospel of St. John? This book has the answer to these and many other such questions. Stephen Ray takes the difficult and makes it easy; he takes the confusion and makes things clear. It gives a simple start for a beginner while providing the depth and profundity for the scholar. This book is one of a kind. It is the first extensive, easy-to-use and thoroughly Catholic study guide available. This Bible study provides extensive text boxes with detailed information that helps students discover the cultural, religious, historical, and other information on the specific passage they are studying. It utilizes quotes from a wide range of scholars, historians, and specialists to instruct the student and give valuable insights into the background and meaning of the text. This book can serve as a basic Bible study guide for working through the Gospel of John, helping the student plumb the depths of St. John's marvelous and deeply spiritual Gospel. It is excellent for use by individuals or groups, for families or schools.

Reconstructing Theological Ethics P. A. McGavin, 2024-02-19 Theological

Ethics in the book title is intended to mark a departure from the manner of Catholic practice named Moral Theology. This departure has two strands because the practice that the Second Vatican Council critically addressed was a manualist tradition while much of the practice following the Council has been represented as relativist. This book is not manualist in that the focus is upon method rather than on codified specification of behaviours. The work is not relativist in that the focus on method is firstly scriptural, approaching scripture in a holistic or canonical manner and further is lawful in an approach of law that focuses less on precept and more on understandings of natural law that brings together phenomenological evidences and scriptural evidences. The scriptural and natural law perspective present in the book also engages cross disciplinary and inter disciplinary learnings. These streams of scripture, natural law and inter cross disciplinary learnings have a confluence in discourse in the manner of dialogue, a manner that is dialogical. An essential aspect of dialogue under the banner of Reconstructing Theological Ethics is that it should engage contemporary culture not in a sense that contemporaneity or modernity should be determinative but in the sense that the reasoning, argumentation and dialogue should have resonance with contemporary thinking and rethinking of issues that remain in contention for contemporary audiences. Theological Ethics is a wide remit and the book provides a methodological focus on Selected Topics in Human Sexuality.
