Rees,Jodith Janes,1983 *Barometer of Fear* Alexis Stenfors,2017-05-15 The LIBOR affair has been described as the biggest banking scandal in history a deception affecting not only banks but also corporations pension funds and ordinary people But was this just the tip of the iceberg Was the scandal the work of a few bad apples or an inevitable result of a financial system rotten to its core Labelled one of the world s most infamous rogue traders in the wake of a mis marking scandal Alexis Stenfors went on to rebuild his life and now guides us through the shadowy world of modern banking providing an insider s account of the secret practices including the manipulation of foreign exchange rates which have allowed banks to profit from systematic deception Containing remarkable and often shocking insights derived from his own experiences in the dealing room as well as his spectacular fall from grace at Merrill Lynch *Barometer of Fear* draws back the curtain to a realm that for too long has remained hidden from public view National Union Catalog, 1982 ,1983

Lauk,2014-11-20 Tillmann C Lauk discusses law making at the European level and argues that problems with EU legislation banking regulation and currency debasement are due to a lack of democratic control He insists on the need for radical reform both of banking and of international money and makes an important contribution to the debate on the future of finance
