The Greatest Soviet Peasant War Bolsheviks And Peasants 19171933

Henry Rousso, Richard Joseph Golsan

The Greatest Soviet Peasant War Bolsheviks And Peasants 1917-1933:

The Russian Peasantry 1600-1930 David Moon, 2014-07-16 This impressive work set to become the standard history on the subject offers a definitive survey of peasant society in Russia from the consolidation of serfdom and tsarist autocracy in the 17th century through to the destruction of the peasant's traditional world under Stalin. Over three quarters of Russian society were peasants in these years and David Moon explores all aspects of their life, including the rural economy, peasant households, village communities, and their political role including protest against the landowning elites. In the process, he presents a fresh perspective on the history of Russia itself. A big book in every way, and compellingly readable.

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history. It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves. However, until now, historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature. *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state.

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR, profoundly affecting the history of the twentieth century. Indeed, the reverberations of those decade-long wars echo to the present day, not despite but because of the collapse of the Soviet Union, which reopened many old wounds from the Baltic to the Caucasus. Contemporary memorialising and de-memorialising of these wars therefore form part of the book's focus, but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars, overlain with examinations of the attempts of many non-Russian national and religious groups to divide the former empire. The reasons why some of the latter were successful (Poland and Finland, for example) while others (Ukraine, Georgia, and the Muslim Basmachi) were not are as much the author's concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks. Tellingly, the work begins and ends with battles in Central Asia, a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow.

Popular Perceptions of Soviet Politics in the 1920s O. Velikanova, 2013-01-28 This is the first study of popular opinions in Soviet society in the 1920s. These voices, which made the Russian revolution, characterize reactions to mobilization politics, patriotic militarizing campaigns, the tenth anniversary of the revolution, and state attempts to unite the nation around a new Soviet identity.

A New Europe, 1918-1923 Bartosz Dziwanowski-Stefańczyk, Jay Winter, 2022-03-03 This set of

essays introduces readers to new historical research on the creation of the new order in East Central Europe in the period immediately following 1918 The book offers insights into the political diplomatic military economic and cultural conditions out of which the New Europe was born Experts from various countries take into account three perspectives They give equal attention to both the Western and Eastern fronts they recognise that on 11 November 1918 the War ended only on the Western front and violence continued in multiple forms over the next five years and they show how state building after 1918 in Central and Eastern Europe was marked by a mixture of innovation and instability Thus the volume focuses on three kinds of narratives those related to conflicts and violence those related to the recasting of civil life in new structures and institutions and those related to remembrance and representations of these years in the public sphere Taking a step towards writing a fully European history of the Great War and its aftermath the volume offers an original approach to this decisive period in 20th century European history

A History of Orthodox, Islamic, and Western Christian Political Values

Dennis J. Dunn, 2016-09-13 The book reveals the nexus between religion and politics today and shows that we live in an interdependent world where one global civilization is emerging and where the world's peoples are continuing to coalesce around a series of values that contain potent Western overtones Both Putin's Orthodox Russia and regions under the control of such Islamist groups like ISIS and Al Qaeda resent and attempt in a largely languishing effort to frustrate this series of values The book explains the current tension between the West and Russia and parts of the Muslim world and sheds light on the causes of such crises as the Syrian Civil War Russia's aggression against Ukraine and acts of terrorism such as 9/11 and the ISIS inspired massacres in Paris It shows that religion continues to affect global order and that knowledge of its effect on political identity and global governance should guide both government policy and scholarly analysis of contemporary history

Stalinism and Nazism Henry Rousso, Richard Joseph Golsan, 2004-01-01 In this volume Europe's leading modern historians offer new insights into two totalitarian regimes of the twentieth century that have profoundly affected world history Nazi Germany and the Stalinist Soviet Union Until now historians have paid more attention to the similarities between these two regimes than to their differences Stalinism and Nazism explores the difficult relationship between the history and memory of the traumas inflicted by Nazi and Soviet occupation in several Eastern European countries in the twentieth century The first part of the volume explores the origins nature and organization of Hitler's and Stalin's dictatorial power the manipulation of violence by the state systems and the comparative power of the dictator's personal will and the encompassing totalitarian system The second part examines the legacies of the Nazi and Stalinist regimes in Eastern European countries that experienced both Stalinism and Nazism features the latest critical perspectives on two of the most influential and deadly political regimes in modern history

Eastern Europe and the Challenges of Modernity, 1800-2000 Stefano Bianchini, 2015-03-02 This book presents a concise and comprehensive overview of the mainstream flows of ideas politics and itineraries towards modernity in Central and Eastern Europe and the Balkans over two centuries from the

beginning of the nineteenth century to the end of the Gorbachev administration Unlike other books on the subject which view modernity based on the idea of Western European supremacy this book outlines the various different pathways of development and of growing industrialisation urbanisation and secularisation which took place across the region It provides rich insights on the complex networks whereby very varied ideas aspirations and policies interacted to bring about a varied pattern of progress and of integration and isolation with different areas moving in different ways and at different paces Overall the book presents something very different from the traditional picture of the two Europes Particular examples covered include agrarian reform movements in various phases different models of socialism and different models of socialist reform

Inscription and Modernity John Kenneth MacKay, 2006-09-19 *Inscription and Modernity* charts the vicissitudes of inscriptive poetry produced in the midst of the great and catastrophic political social and intellectual upheavals of the late 18th to mid 20th centuries Drawing on the ideas of Geoffrey Hartman Perry Anderson Fredric Jameson and Jacques Rancière among others John MacKay shows how a wide range of Romantic and post Romantic poets including Wordsworth Clare Shelley Hölderlin Lamartine Baudelaire Blok Khlebnikov Mandelstam and Rolf Dieter Brinkmann employ the generic resources of inscription both to justify their writing and to attract a readership during a complex historical phase when the rationale for poetry and the identity of audiences were matters of intense yet productive doubt

The Socialist Alternative to Bolshevik Russia Elizabeth White, 2010-10-08 This book examines the role of the Socialist Revolutionary party which had been the largest and most popular party in Russia in 1917 and shows how after the October revolution rather than disappearing led by its leadership in exile it continued to observe and comment on developments in Russia

Thank you utterly much for downloading **The Greatest Soviet Peasant War Bolsheviks And Peasants 19171933**. Maybe you have knowledge that, people have look numerous period for their favorite books later this The Greatest Soviet Peasant War Bolsheviks And Peasants 19171933, but end occurring in harmful downloads.

Rather than enjoying a fine ebook past a mug of coffee in the afternoon, on the other hand they juggled like some harmful virus inside their computer. **The Greatest Soviet Peasant War Bolsheviks And Peasants 19171933** is comprehensible in our digital library an online right of entry to it is set as public correspondingly you can download it instantly.
