The following pages are intended to serve as a general introduction to Greek literature and thought for those primarily who do not know Greek Whatever opinions may be held as to the value of translations it seems clear that it is only by their means that the majority of modern readers can attain to any knowledge of Greek culture and as I believe that culture to be still as it has been in the past the most valuable element of a liberal education I have hoped that such an attempt as the present to give with the help of quotations from the original authors some general idea of the Greek view of life will not be regarded as labour thrown away
