ACCORDING TO JOHN

The Gospel According To Passion

Herman Ridderbos

The Gospel According To Passion:

The Gospel According to John D. A. Carson, 1991 With this acclaimed volume in the Pillar New Testament Commentary series Carson explains the text of John's Gospel to help you minister the Word of God to others either by preaching or by leading Bible studies The commentary will also deepen your understanding of the Gospel in your own life and worship Throughout his commentary Carson does the following makes clear the flow of the text focusing on the movement of thought rather than on word studies and Greek syntax engages a small but representative part of the massive secondary literature on John providing a kind of map of contemporary studies on this Gospel draws a few lines toward establishing how John's Gospel contributes to biblical and systematic theology offers a consistent exposition of John as an evangelistic Gospel Preceded by a comprehensive introduction treating such matters as the authenticity authorship purpose and structure of the Gospel this commentary on John exhibits the solid evangelical Scripture exposition for which Carson is well known and respected

The Gospel According to St. Paul Cardinal Carlo Maria Martini SJ, 2008-05-01 Pope Benedict XVI has proclaimed a year dedicated to St Paul beginning on June 29 2008 Readers can celebrate the Year of St Paul by praying through this unique collection of meditations by renowned biblical scholar and retired archbishop of Milan Cardinal Carlo Maria Martini In simple and moving language Martini weaves together St Paul's life character and teachings in such a way that we come to know the apostle as a human being with the same hopes and struggles that we have At the end of each chapter Cardinal Martini leads us through a series of questions to help us reflect on our own lives in light of St Paul's experiences The depth and significance of St Paul's New Testament teachings and their relevance to our lives today come to light in these meditations most of which are being published in English for the first time

The Gospel According to Luke James R Edwards, 2020-05-21 This new Pillar commentary devotes attention throughout to the vocabulary historical background special themes and narrative purpose that make the book of Luke unique among the four Gospels Though the Gentile focus of Luke is often held to be primary James Edwards counterbalances that by citing numerous evidences of Luke's overarching interest in depicting Jesus as the fulfillment of the providential work of God in the history of Israel and he considers the possibility that Luke himself was a Jew Edwards also draws out other important thematic issues in excurses scattered throughout the commentary including discussion of Luke's infancy narrative the mission of Jesus as the way of salvation and Luke's depiction of the universal scope of the gospel This readable relevant commentary attends to the linguistic historical literary and theological elements of Luke that are essential to its meaning and considers Luke's significance for the church and the life of faith today

The Gospel according to Mark Camille Focant, 2012-07-06 The world to which the Gospel of Mark introduces its reader is a world of conflicts and suspense enigmas and secrets questions and overturning of evidence irony and surprise Its principal actor Jesus is perplexing in the extreme He is evidently so for the religious authorities who oppose him but also for his disciples who shift from incomprehension to opposition and flight Questions of meaning life and

death good and evil are continually broached This narrative is a subtle invitation to enter into a new world that of the coming Reign of God in which the first are last and whoever wants to save his life must lose it This commentary on the Gospel of Mark has been enthusiastically reviewed in the French edition as one of the best current commentaries on Mark As a narrative critical commentary it favors an interpretation of the Gospel that tries to grasp the dynamic of the text taken as a whole Even if the technical vocabulary of narrative analysis is not used and the main results of the historical critical criticism particularly those of redaction criticism are not neglected as the notes will reveal it is narrative criticism that guides the proceedings

The Gospel according to John Herman Ridderbos, 2018-08-21 New in the Eerdmans Classic Biblical Commentaries collection In this commentary on John originally published in Dutch in 1987 and translated into English a decade later Herman Ridderbos engages the host of twentieth century interpretations while also developing his own integral understanding of John in which the Gospel emerges as a profoundly theological work Beginning with a theological introduction on the peculiar character of the Fourth Gospel Ridderbos uses verse by verse exposition to unpack John's distinctive apostolic character offering expert literary and homiletical exegesis of the Fourth Gospel as the Christian church adopted it

The Gospel According to St. John C. K. Barrett, 1978-12-01 In this useful work C Kingsley Barrett offers an insightful commentary on the book of John Barrett seeks to view John in light of a variety of contexts including that in which it was written and its implications for modern day readers The book includes detailed notes and commentary on each chapter of John's Gospel

The Gospel of Matthew John Nolland, 2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story His work explores Matthew's narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative

The Gospel According to Matthew Leon Morris, 1992 Throughout the history of the Christian Church the Gospel of Matthew has been considered the most important portrait of Jesus' life and message Containing Jesus' Sermon on the Mount and a uniquely rich collection of parables among many other things Matthew has made a major contribution to the church throughout the centuries and it still has much to say to the church today This superb commentary in the Pillar series explores the meaning and relevance of

Matthew in an eminently straightforward fashion Leon Morris writes for readers who use commentaries to discover further what the Bible means Throughout he makes clear what he considers to be the meaning of the Greek text that Matthew has bequeathed to the church A perceptive introduction precedes Morris s warmhearted verse by verse exposition of Matthew an exposition based on his own literal translation of the text Now a standard reference work on the Gospel of Matthew this mature evangelically oriented commentary will continue to meet the needs of students pastor and general readers alike
