Creech,2005 This Book is a story of the life and times of a professional Fighter pilot Where did he come from What are the early life experiences that effected his abilities and capabilities to be a Great Fighter Pilot What characteristics of a person and his experiences are important in becoming a leader of men and of becoming a superb fighter pilot Why does this fighter pilot relegate himself to being the Third Best Fighter Pilot rather than the first best What is it like to be shot down in the jungles of North Burma alone and with no help toward survival other than his own will And later in that combat tour how does one manage survival in the unending expanse of the Gobi Desert What are the pressures that are forced upon the leader of a combat fighter squadron How does he maintain a high morale in a unit when there are few positive factors available to assist How are political pressures dealt with on a day to day basis This book is a MUST READ for any young commander of fighter pilots It s also a great read for those who are just interested in the subject of flying The author s answers to all these questions are studies in perseverance loyalty dedication and intense desire to do what many others would find impossible *Battle of Midway, June 3-6, 1942* United States. He Wore a Pair of Silver Wings Thomas K. Follis,2004

Churchill's Few John Willis,2020-05-21 Eighty years after the Battle of Britain this vivid and dramatic

book tells the story in their own words of six brave young men who fought courageously in the skies above England to prevent Hitler's invasion of Britain. This thin blue line in their Hurricanes and Spitfires were the few to whom Churchill said the nation owed so much. It was as one pilot's wife put it, a queer golden time when men in their teens and twenties fought each other in a brutal but still gentlemanly conflict. At stake was the very future of Britain. The six men in this sympathetic but honest portrayal were from vastly contrasting backgrounds. Geoffrey Page, shot down in his Hurricane and the victim of horrendous burns, was a founder member of the legendary Guinea Pig Club. Bob Doe, also badly injured, was one of the most successful fighter aces but remained unheralded and out of the public eye. Cyril Bamberger rose from humble origins as a Sergeant Pilot to win a DFC and bar. Joseph Slagowski was one of the small band of heroic Polish pilots whose contribution to the Battle, as this book shows, remains scandalously undervalued. Former Daily Telegraph journalist Geoffrey Myers, Intelligence Officer in a squadron that was hopelessly and fatally led, wrote eloquent contemporaneous letters to his family, extracts of which are published here for the first time. Not all the heroes fought for Britain. Unusually, this book includes the parallel but contrasting story of Luftwaffe pilot Ulrich Steinhilper, shot down and captured over Kent and destined to become one of the greatest escapers of World War II, evading British and Canadian prison camp guards five times. This unique and moving record throws light on the long-term consequences of the Battle of Britain on the lives of the young pilots in the frontline. These insightful portraits illuminate the ineradicable marks that one momentous battle made on the brave participants of both sides. Just a few months of brutal aerial combat changed their lives and history forever. As Geoffrey Page said, I still find it hard to take when children point at me because of my burnt face and hands. They are my enemies now, not the Germans.
