subcultures cognition emotion organizations and institutions and social constructionism      **Renewal** Colbert Rhodes,2017-07-11 Offering a deep look into the moral uncertainty in the contemporary social sciences and American society this book explores an in depth solution This solution as articulated by Pitirim A Sorokin in the 20th century is the theory of Integralism a perspective dating back to Plato Aristotle and Aquinas Sorokin initially applied Integralism by locating and analyzing three dominant super socio cultural systems over 2500 years of Graeco Roman and Western history Each super system was unified by a central philosophical principle based either on materialism the senses or the rational or the supersensory super rational A super system declines when it reaches the limits of its potential to achieve its true reality and value to be replaced by another super system Sorokin described a trendless rotation of the three super socio cultural systems The current dominant super socio cultural system in the West is a materialist version emphasizing science and technology with little thought given to supersensory super rational reality Sorokin asserted contemporary materialist culture was in a state of collapse due to the breakup of its moral values As a consequence he saw a struggle for power occurring between egoistic individuals and groups often resulting in revolutions wars and inter human strife In response to the one sided materialist view of reality the goal of Integralism is to unify all three forms of reality into an integral culture that harmoniously balances materialist and supersensory super rational orientations A solution to the contemporary moral confusion Sorokin argued can be found in the application of supra conscious intuition that would enable a human to know what is eternal in the ordinary and reach the transcendent an experience not accessible to the senses or the rational intellect alone The supra conscious is the source for reaching the supreme moral value creative unselfish altruism which can be shared by all cultures to produce peace and harmony in the world      *Culture and Identity* Warren Kidd,Alison Teagle,2012-08-29 An understanding of culture and identity is essential for new sociologists This student focused text explains the themes and theories behind these core ideas With up to date discussion of chavs masculinity and social networking skills based activities and practice exam questions this is invaluable reading for anyone new to this topic

Violence, Culture And Censure Professor Colin Sumner,Colin Sumner,2005-08-12 Essays reflecting on our understanding and moral judgement of violence The essays argue that even serious violence is not a simple fact but a category of thought and practice rooted in history culture and society      States of Violence and the Civilising Process Rob Watts,2016-05-30 This book offers a distinctive and novel approach to state sponsored violence one of the major problems facing humanity in the previous and now the twenty first century It addresses the question how is it possible that large numbers of ordinary men and women are able to do the killing torturing and violence that defines crimes against humanity In his striking analysis Rob Watts shows how and why states of all political persuasions engage in crimes against humanity including genocide homicide torture kidnapping illegal surveillance and detention This book advances a new interpretive frame It argues against the civilizing process model showing how both states and social sciences like sociology and criminology have been complicit in

splitting the social from the ethical while accepting too complacently that modern states are the exemplars of morality and rationality The book makes the case that it is possible to bring together in the one interpretative frame our understanding of social action involving personal motivation and ethical responsibility and patterns of collective social action operating in terms of the agencies of the State Rob Watts identifies and charts the pathways of action and practical i e ethical judgements which the perpetrators of these crimes against humanity constructed for themselves to make sense of what they were doing At once challenging and highly accessible the book reveals the policy making processes that produce state crime as well as showing how ordinary people do the state s dirty work

**Regulating Girls and Women** Joan Sangster,2001-12-15 For people living in Ontario as

throughout Canada the period from 1920 to 1960 was one of great change and turmoil the roaring twenties the Great Depression the upheaval of war and the economic boom of the postwar years One constant in society over those years however was the differential treatment that females and males received before the law especially in regard to family matters and sexuality A patriarchal justice system increasingly under the influence of expert opinion from social workers psychologists psychiatrists and other medial doctors openly espoused a sexual double standard and sought to regulate the behaviour of girls and women for their own good Indeed women in physically abusive relationships were at times advised by judges probation officers and social workers to go home and sleep with your husband on the assumption that keeping him sexually sated would end the violence In this fascinating study of sexuality family and the law historian Joan Sangster focuses on key issues that drew women into the courts as plaintiffs and defendants incest and sexual abuse wife assault prostitution female delinquency and the unique colonization of the soul that Aboriginal women had to endure before the law As Sangster writes While history does not offer pat solutions to present dilemmas it may stimulate some sobering second thoughts on current debates by dissecting the changing definitions of criminality and the process by which law constituted gender race and class relations by mounting a critique of past reform efforts and importantly by suggesting how the law affected the lives of girls and women who came into conflict with it
