Cheetham,2017-07-05 Arguing in favour of renewed critical attention to the nation as a category in art history this study examines the intertwining of art theory national identity and art production in Britain from the early eighteenth century to the present day The book provides the first sustained account of artwriting in the British context over the full extent of its development and includes new analyses of such central figures as Hogarth Reynolds Gilpin

Ruskin Roger Fry Herbert Read Art Language Peter Fuller and Rasheed Araeen Mark A Cheetham also explores how the Englishing of art theory which came about despite the longstanding occlusion of the intellectual and theoretical in British culture did not take place or have effects exclusively in Britain Theory has always travelled with art and vice versa Using the frequently resurgent discourse of cosmopolitanism as a frame for his discourse Cheetham asks whether English traditions of artwriting have been judged inappropriately according to imported criteria of what theory is and does This book demonstrates that artwriting in the English tradition has not been sufficiently studied and that English Art Theory is not an oxymoron Such concerns resonate today beyond academe and the art world in the many heated discussions of resurgent Englishness

Britain's Persuaders Helen Ramscar,Michael Clarke,2021-10-21 Soft power is an oft used term and commands an instinctive understanding among journalists and casual observers who mostly interpret it as diplomatic or somehow persuasive Hard power is seen by contrast as something more tangible and usually military But this is a superficial appreciation of a more subtle concept and one key to Britain's future on the international stage *Britain's Persuaders* is a deep exploration of this phenomenon using new research into the instruments of soft power evident in British society and most relevant to the 2020s Some like the British Council or the BBC World Service are explicitly intended to generate soft power in accordance with governmental intentions but rather more like the entertainment industries sport professional regulatory bodies hospitality industries or education sectors have more penetrating soft power effects even as they pursue their own independent or commercial rationales This book conducts an up to date audit of all Britain's principal sources of soft power Situating its analysis within the current understanding of the smart power of nation states that desire to employ the full spectrum of policy instruments and national characteristics to achieve policy outcomes specifically in the context of Brexit Britain where soft power status is certain to loom larger during the 2020s
