The Citizens Guide To Us Foreign Policy Election 88:

Citizen's Guide to U.S. Foreign Policy, 2004 **A Citizen's Guide to American Foreign Policy** David Patrick Houghton, 2013-11-20 American foreign policy often looks like a trail of man made debris and disaster Of course the explanations for many poorly made decisions are rather complex In this brief and cogent analysis Houghton shows us that understanding American foreign policy often comes down to recognizing the cognitive limitations of the decision makers which affects the foreign policy process Then there is the nature of the decisions themselves Quite a few decisions in American foreign policy involve tragic choices where leaders are effectively confronted with a series of progressively bad or uncomfortable options And it is equally clear that some policies are not the product of any one individual s preferences but emerge as a consequence of the way in which complex modern governments with large bureaucracies operate Written with the interested layperson in mind as well as students of international affairs this Citizen s Guide to American Foreign Policy asks questions like Why do presidents so often do things which seem to be directly against the national interests of the United States not just in retrospect but even at the time Why do there seem to be so many fiascoes in US foreign policy Why does Congress sometimes tie the hands of the president in foreign affairs Why do presidents seem to respond more to opinion polls or to what s on CNN and Fox News than they do to the core interests of the United States Houghton s overview helps us see past the partisan in fighting that too often obscures the central issues in foreign affairs This is vital required reading for all readers who wish to better understand America s involvement in the world Resources in Education ,1994 A Citizen's Guide to U.S. Foreign Policy Foreign Policy Association,2000 *Headline Series* ,1988 **U.S. National Security Policy Groups** Cynthia A. Watson,1990-05-08 This volume identifies groups of all political colorations from the establishmentarian Council on Foreign Relations to antiestablishment Greenpeace Even the group Librarians for Nuclear Arms Control is included Information on group activities and publications is provided and on their finances when such information is available Addresses and telephone numbers are listed The research is thorough and careful The book will be of value for students for faculty in pursuit of grants and as a resource on public policy making in the U S Choice This reference volume discusses the phenomenal expansion in the number of participatory organizations through which the public has taken a part in U S national security strategy formulation The 135 groups selected for indepth coverage are organizations having a primary interest in national security and strategy The majority are defined by the Internal Revenue Service as not for profit educational non partisan organizations Each entry follows a standard format and contains an extensive amount of the following information a brief introduction designed to familiarize the researcher with the group s basic orientation a history of the organization including the reasons for its creation and the names of as many major founders as can be identified organizational structure and sources of funding as well as membership or contribution levels and number of members or contributors electoral politics when appropriate specific policy concerns and tactics and other information The largest part of

each entry is devoted to policy interests and specific actions of the organization The section on other information provides bibliographical citations for publications about the organization prepared by outside writers This unique reference tool provides a broad spectrum of information on the major public organizations that have impacted U S national security policy in the 1980s It will be welcomed by scholars and students of political organizations and international affairs **Directory of National Organization Dealing with Central America** ,1990 *PAIS Bulletin* ,1921 **World Affairs Report** California Institute of International Studies,1987 **Guide to U.S. Economic Policy** Robert E. Wright,Thomas W. Zeiler,2014-06-30
