The Guinness Of Olympics Facts And Feats:

The Guinness Book of Olympics Stan Greenberg,1983-01-01 The Guinness Book of Olympic Facts and Feats Stan Greenberg,1996 With a full results history of each Olympic sport from athletics to yachting including every medal winner in the history of the games this book takes a look at the ancient games and future celebrations such as Sydney 2000 The Guinness Book of Olympics Stan Greenberg,1996 The 1904 Olympic Games Bill Mallon,2015-07-11 The 1904 Olympic Games in St Louis were both unusual and controversial One of the major problems for Olympic scholars has been to determine which of the events at these Games were truly of Olympic caliber The Games were included as part of the World s Fair and every athletic contest that took place under the Fair s auspices was deemed Olympic These activities included croquet and water polo high school and college championships in football and basketball as well as the Anthropology Days events in which members of primitive tribes competed against one another The author demonstrates after great deliberation that 16 events of the 21 overall were truly Olympic sports and gives descriptions scores and analyses for each as well as for the five non Olympic events Appendices include literature relating to these games lists of noncompeting foreign entrants and a guide to all competitors *Historical Dictionary of the Olympic Movement* John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of *Historical Dictionary of The Olympic Movement* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement The 1896 Olympic Games Bill Mallon,Ture Widlund,2015-07-11 During the 1996 Centennial Olympic Games in Atlanta much of the world watched and celebrated as athletes broke world records and took home medals fulfilling their Olympic dreams The athletes scores were available instantaneously and are now easily accessible but what about the performance records of the first modern Olympic athletes The Modern Olympic Games began in 1896 in Athens Greece but an official record of these Olympic games does not exist This work is the first in a series of comprehensive reference works giving the results of the Olympic Games beginning in 1896 Based primarily on 1896 sources the sites dates events competitors and nations as well as the event results are compiled

herein for track and field cycling fencing gymnastics shooting swimming tennis lawn weightlifting wrestling and other sports and events Although mainly a statistical analysis this work does include a short synopsis of the Sorbonne Congress and reprints of famous articles about the Olympics

Historical Dictionary of the Olympic Movement Ian Buchanan,Bill Mallon,2005-11-15 The Olympic Games brings together thousands of athletes competing in over 40 sports and representing over 200 nations But that is just the surface for none of this would be possible without the constant efforts of an incredible organization consisting of tens of thousands of sports lovers united in sports associations National Olympic Committees and the International Olympic Committee The third edition of this fascinating book deals with both levels of the competition the competitive side and the administrative side The dictionary includes hundreds of entries on the major sports more outstanding athletes participating countries and numerous bodies in the organization as well as successive generations of officials starting with the founder Pierre de Coubertin But that is not all Two chronologies trace the history of the Olympic movement back to the Ancient Olympiad first celebrated in Greece in 776 B C as well as all of the modern Games up to Athens in 2004 The appendixes then provide elusive facts on the Games the officials the torchbearers and the top Olympic medal winners A bibliography is included to allow further research Reviews of the Previous Edition Buchanan and Mallon provide comprehensive clearly written and well organized historical information about the Olympic movement Highly recommended Choice most useful for quick lookups and is the only one to have most information on individual athletes Reference Books Bulletin

The Complete Olympic Games Quiz Book Martin Greensill,2012-08-20 Containing 1700 questions on many aspects of both the Summer and Winter Olympics The Complete Olympic Games Quiz Book provides a comprehensive resource that can be used in various ways such as testing family and friends or forming the basis of a more formal quiz The book covers the entire history of the modern Olympics from Athens 1896 to London 2012 and includes questions on all the sports that have featured at these Games There are also two multiple choice sections on numbers and two chapters of mixed bag questions which among other things bring out the quirky side of the Olympics through a variety of trivia teasers Including over 150 questions on London 2012 the book builds into a challenging but stimulating test of sporting knowledge and should provide hours of entertainment for fans of quizzes and the Olympics

Historical Dictionary of the Olympic Movement Bill Mallon,Jeroen Heijmans,2011-08-11 The fourth edition of the Historical Dictionary of the Olympic Movement presents a comprehensive history of the games from the first recorded history of the games in 776 B C to the present day This is done through a chronology forewords by Dan Jansen and Mike Krzyzewski an introductory essay appendixes a bibliography photos and over 900 cross referenced dictionary entries covering the history philosophy and politics of the Olympics and of course the medal winners This book is an excellent access point for students researchers and anyone wanting to know more about the Olympics

The 1920 Olympic Games Bill Mallon,Anthony Th. Bijkerk,2015-07-11 Until this volume was compiled the results of the 1920 Olympics held in Antwerp Belgium have been far from complete The

Antwerp organizing committee typed up a report of the results almost as an afterthought because it was so financially strapped after the games For some events only the medalists are listed with little if any additional information Very few copies were ever produced and those few copies were in French The seventh in a series on the early Olympics this work fills a gap in the recording of early Olympics history by providing complete results for all competitors and all events except for shooting which has only partial information available In virtually all cases a 1920 source has been used in preference to a more modern source of information and all details have been fully researched in contemporary newspapers journals and magazines and checked for accuracy by experts on various sports from all over the world
