Carefully considered successful instances of experimental fiction disrupt gender genre and identity in this deranged otherworldly collection Literary Hub A woman metamorphoses into a giant slug another quite literally eats her heart out a wasp falls in love with an orchid and hair starts sprouting from the walls These stories slip and slide between genres from video games to fan fiction body horror to choose your own adventure as characters cycle through giddy changes in gender physiology species and identity Collapsing boundaries between bodies and forms these fictions interrogate the visceral gross and absurd This book is fucking weird wrote Brit Mandelo in 2015 It's only gotten weirder since *Slug and Other Stories* is a revised and expanded edition of a contemporary cult classic Finally back in print this collection is a testament to the messy anti logic of queer feelings by a revelatory new voice **The Tragedy of Photons and Other Poems of Tragedy and Light** Tony Daly, 2025-06-26 In *The Tragedy of Photons* Tony Daly crafts a constellation of speculative poetry in which tragedy meets transcendence at the speed of light Daly's poems orbit themes of loss resilience absurdity and wonder These verses are both intimate and cosmic anchored in human emotion and adrift in zero gravity Whether elegizing forgotten android heroes chronicling the heartbreak of planetary exiles or capturing the last glimmer of light in a collapsing universe this chapbook illuminates the beauty found in even the briefest glow *The Tragedy of Photons* invites you to see the universe and yourself through a kaleidoscope of tragedy and light **Catalogue of English and American Chapbooks and Broadside Ballads in Harvard College Library** Harvard University.
