and witty how to the author of the Damn Good writing books focuses on the tradition of myth as a recipe for storytelling
Library Journal In his widely read guides How to Write a Damn Good Novel and How to Write a Damn Good Novel II
Advanced Techniques popular novelist and fiction writing coach James N Frey showed writers how starting with rounded
dynamic characters to structure a novel that sustains its tension and ends in a satisfying climax Now in The Key Frey applies
his Damn Good approach to Joseph Campbell s insights into the structure of myths Frey explains that the structures and
motifs of myth are just as powerful for contemporary writers as they were for Homer Frey begins with the qualities found in
mythic heroes ancient and modern such as the hero s special talent his or her wound status as an outlaw and so on He then
demonstrates how the hero undertakes a mission faces tests and suffers a symbolic death before he or she can return home
Using dozens of classical and contemporary novels and films as models Frey shows how these principles work their timeless
magic on the reader s imagination The Key is designed as a practical step by step guide for fiction writers and screen writers

at best Finding ourselves in a world nearly void of any profound natural predators with the ability to unconditionally love and
solve the most complex problems in the most creative ways we choose to make the world an ever increasingly dangerous
place in stead of creating Utopia In our relentless pursuit of happiness and perfection we create the very opposite The
Sleeper Must Awaken dives deep into the human psyche exploring from the archetypal dreamscapes of our subconscious
minds to the remarkable similarities between Super String Theory and ancient mysticism It opens the door to a journey
within ourselves searching for the root of this phenomenon and presenting possible solutions to a world on the edge Author
Bio Dr Jean Erasmus is a South African born medical practitioner Before moving to the United Kingdom he has worked
mostly with less fortunate souls managing a wide variety of illnesses ranging from Tuberculosis to HIV AIDS He has also
been involved in medical legal work as well as lecturing in Primary Health Care The world of medicine where cold evidence
based science intermingles with the warm complex emotional and spiritual human being has sparked an interest in Jean
leading him to pursue the connection between these two diverse poles of the human condition This pursuit offset by the
dramatically changing physical social and spiritual landscape of the world led him into writing this book in an attempt to
