The doctor said he didn't know yet. The husband and wife were very **happy**. Now they would have a baby. They both wanted to have a baby. They visited the doctor a **month** later. He examined the wife. He used a special machine. He **saw** the baby. He saw more than one baby. He saw two babies. He saw more than two babies. He counted the babies. He **told** the wife, "You will have more than one baby. You will have **eight babies**." The wife couldn't believe it. Her husband couldn't believe it. Eight babies! "We will have a big family," said the husband. "We will have a very **big family**," said the wife. "But how can we **pay** for all these babies?" asked the husband. "We can pay for one baby. But eight babies cost a lot of money. How can we pay for eight babies?" The wife said, "We will find a way. God will help us find a way." They both smiled. They would have a **big happy family**.
