The Oxford book of travel verse Kevin Crossley-Holland, **The Oxford Handbook of British Romanticism** David Duff, 2018 This Handbook provides a comprehensive overview of British Romantic literature and an authoritative guide to all aspects of the movement including its historical cultural and intellectual contexts and its connections with the literature and thought of other countries All the major Romantic writers are covered alongside lesser known writers **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology *Translating Travel* Loredana Polezzi, 2017-03-02 Translating Travel examines the relationship between travel writing and translation asking what happens when books travel beyond the narrow confines of one genre one literary system and one culture The volume takes as its starting point the marginal position of contemporary Italian travel writing in the Italian literary system and proposes a comparative reading of originals and translations designed to highlight the varying reception of texts in different cultures Two main themes in the book are the affinity between the representations produced by travel and the practices of translation and the complex links between travel writing and genres such as ethnography journalism autobiography and fiction Individual chapters are devoted to Italian travellers accounts of Tibet and their English translations the hybridization of journalism and travel writing in the works of Oriana Fallaci Italo Calvino's sublimation of travel writing in the stylized fiction of *Le città invisibili* and the complex network of literary references which marked the reception of Claudio Magris's *Danubio* in different cultures **The Columbia Granger's Dictionary of Poetry Quotations** Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity *Intoxicating Minds* is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally *Intoxicating Minds* considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies *Travelers to an Antique Land* Robert Eisner, 1991 Stories of scholars writers artists and explorers woven together in a narrative of Greek travel [The Cambridge Guide to Literature in English](#)
