The Papers Of Thomas Jefferson 1 January 1798 31 January 1799 Papers Of Thomas Jefferson Ser Vol 3:

The Papers of Thomas Jefferson, Volume 30 Thomas Jefferson, 2018-06-05 During the thirteen months covered by this volume Thomas Jefferson spent more than half of his time in Philadelphia serving as vice president under President John Adams and presiding over a Senate that was dominated by his political opponents the Federalists Debates in Congress took place against a backdrop of bitter partisan rivalry characterized most famously by the near brawl on the floor of the House between Matthew Lyon and Roger Griswold Congress and the nation waited in a state of extraordinary suspense for dispatches from the American envoys in France When the accounts of the XYZ Affair became public the nation prepared for war Two days after the Alien Friends Act was signed into law Jefferson left for Monticello stopping at Montpelier to convey the latest news to James Madison Disheartened and frustrated by the Alien and Sedition Acts Jefferson penned the famous resolutions adopted in November by the Kentucky legislature He kept his authorship a secret however seeking to avoid any appearance of rashness by Republicans This endeavor reflected his struggle to make sense of the political direction of the nation in times he could neither comprehend nor accept Jefferson continued to engage in scientific pursuits and fulfill his role as a promoter of American science and learning He was reelected to the presidency of the American Philosophical Society to which he presented his paper on the moldboard plow He corresponded on American Indian languages astronomy and the Anglo Saxon language He longed for Monticello and as Jefferson had learned before his property fell into neglect when he was away on public business Renovations to the house slowed supplies for the nailery were disrupted and he had to arrange for the sale of his crops through intermediaries With the prices of wheat low he was drawn back into financial dependence on tobacco

The Papers of Thomas Jefferson, Retirement Series, Volume 2 Thomas Jefferson, 2018-06-05 The definitive edition of Thomas Jefferson's papers from the end of his presidency until his death continues with Volume Two which covers the period from 16 November 1809 to 11 August 1810 Both incoming and outgoing letters are included totaling 518 documents printed in full General themes include Jefferson's financial troubles which eventually led him to loan himself a large sum of money he was managing for Tadeusz Kosciuszko his preparations to face a lawsuit stemming from his decision as president to remove Edward Livingston from a valuable property in New Orleans other legal complications involving his landholdings and the settlement of estates he had inherited long before his plans to breed merino sheep and share them gratis with his fellow Virginians and his ongoing interest in the Republican party's success Highlights include a long list of books on agriculture that Jefferson probably compiled to guide the Library of Congress in its purchases descriptions of inventions by Robert Fulton and more obscure figures such as the New Orleans engineer Godefroi Du Jareau Jefferson's draft letter criticizing the Quakers as unpatriotic much of which he later deleted the letter in which he ordered a set of silver tumblers that have become known as the Jefferson Cups and an important treatise on taxation by the distinguished French political economist Pierre Samuel Du Pont de Nemours published here for the first time

The Papers of Thomas

Jefferson, Volume 31 Thomas Jefferson, 2018-06-05 As this volume opens partisan politics in the United States are building to a crescendo with the approach of the presidential election Working for a Republican victory Jefferson consults frequently with Madison Monroe and others to achieve favorable results in state elections He corresponds with controversial journalist James T Callender Sifting information from published rumors and private letters he follows events in Europe including Bonaparte's unexpected rise to power in France and sees the value of his tobacco crop plummet as U S legislation cuts off the French market Jefferson grows concerned at Federalist promotion of English common law in American jurisprudence and at proceedings in the Senate against William Duane printer of the Philadelphia Aurora Drawing heavily on British legislative practice however as well as advice from Virginia he begins in earnest to compile a manual of parliamentary procedures for the Senate As president of the American Philosophical Society Jefferson calls for reform of the United States census He publishes an appendix to Notes on the State of Virginia defending his account of the Mingo Indian Logan's legendary 1774 speech And Jefferson consults Joseph Priestley and Pierre Samuel Du Pont de Nemours about the curriculum for a projected new university in Virginia While continuing the reconstruction of Monticello he mourns the death of the infant girl of his younger daughter Mary Jefferson Eppes

The Papers of Thomas Jefferson Thomas Jefferson, 2004 The Retirement Series documents Jefferson's written legacy between his return to private life on 4 March 1809 and his death on 4 July 1826 During this period Jefferson founded the University of Virginia and sold his extraordinary library to the nation but his greatest legacy from these years is the astonishing depth and breadth of his correspondence with statesmen inventors scientists philosophers and ordinary citizens on topics spanning virtually every field of human endeavor From publisher description

The Papers of Thomas Jefferson, Volume 34 Thomas Jefferson, 2018-06-05 In Volume 34 covering May through July 1801 the story of Thomas Jefferson's first presidential administration continues to unfold He quickly begins to implement his objectives of economy and efficiency in government Requesting the chief clerk of the War Department to prepare a list of commissioned army officers Jefferson has his secretary Meriwether Lewis label the names on the list with such descriptors as Republican or Opposed to the administration otherwise respectable officers The president calls his moves toward a reduction in the army a chaste reformation Samuel Smith interim head of the Navy Department in accordance with the Peace Establishment Act arranges for the sale of surplus warships Secretary of the Treasury Albert Gallatin gathers figures on revenues and expenses and suggests improvements in methods of collecting taxes Jefferson delivers an eloquent statement on his policy of removals from office to the merchants of New Haven who objected to his dismissal of the collector of the port of New Haven He makes clear that while his inaugural address declared tolerance and respect for the minority it did not mean that no offices would change hands On the twenty fifth anniversary of the Fourth of July Jefferson entertains around one hundred citizens including a delegation of five Cherokee chiefs And on 30 July Jefferson leaves the Federal City for two

months at Monticello The Papers of Thomas Jefferson, Volume 29 Thomas Jefferson, 2018-06-05 In the twenty two months covered by this volume Jefferson spent most of his time at Monticello where in his short lived retirement from office he turned in earnest to the renovation of his residence and described himself as a monstrous farmer Yet he narrowly missed being elected George Washington's successor as president and took the oath of office as vice president in March 1797 In early summer he presided over the Senate after President John Adams summoned Congress to deal with the country's worsening relations with France As the key figure in the growing Republican quarter Jefferson collaborated with such allies as James Monroe and James Madison and drafted a petition to the Virginia House of Delegates upholding the right of representatives to communicate freely with their constituents The unauthorized publication of a letter to Philip Mazzei in which Jefferson decried the former Samsons in the field and Solomons in the council who had been shorn by the harlot England made the vice president the uncomfortable target of intense partisan attention In addition Luther Martin publicly challenged Jefferson's treatment in Notes on Virginia of the famous oration of Logan Jefferson became president of the American Philosophical Society and presented a paper describing the fossilized remains of the megalonyx or great claw At Monticello he evaluated the merits of threshing machines corresponded with British agricultural authorities sought new crops for his rotation schemes manufactured nails and entertained family members and visitors **The Papers of Thomas Jefferson, Volume 41** Thomas Jefferson, 2015-01-25 The Louisiana Purchase dominates the months covered in this volume Jefferson departs for Monticello to enjoy a needed respite after the busy three and a half months he has just spent in the nation's capital Shortly before leaving Washington he has a last meeting with his cabinet after which he issues a proclamation to reconvene Congress on 17 October three weeks early It is the great and weighty business of the French government's stunning offer to transfer all of the Louisiana Territory to the United States that necessitates this important gathering The event brings Jefferson enthusiastic congratulations from his friends and fellow Republicans With Jefferson's great success however comes the reality of getting the agreement with France approved and implemented The boundaries of the territory ceded are not even clear In private letters to his trusted advisers Jefferson discusses the proper course of action Should both houses of Congress be called to consider the French offer Is it prudent to make the substance of a treaty public And perhaps most vexing does this executive action require an amendment to the Constitution Some Federalists criticize the plan but an expansion of the nation's territory proponents argue will raise America's stature in the eyes of the world With the widening of the country's borders Jefferson's project to send an exploratory party westward seems even timelier William Clark accepts Meriwether Lewis's invitation to join the expedition and on the last day of August Lewis begins his journey down the Ohio River the building of his boat finally complete *The Papers of Thomas Jefferson: 1 January 1798 to 31 January 1799* Thomas Jefferson, 1950 **Anglicizing America** Ignacio Gallup-Diaz, Andrew Shankman, David J. Silverman, 2015-04-15 The thirteen mainland colonies of early America were arguably never more British than on the eve of

their War of Independence from Britain Though home to settlers of diverse national and cultural backgrounds colonial America gradually became more like Britain in its political and judicial systems material culture economies religious systems and engagements with the empire At the same time and by the same process these politically distinct and geographically distant colonies forged a shared cultural identity one that would bind them together as a nation during the Revolution Anglicizing America revisits the theory of Anglicization considering its application to the history of the Atlantic world from Britain to the Caribbean to the western wildernesses at key moments before during and after the American Revolution Ten essays by senior historians trace the complex processes by which global forces local economies and individual motives interacted to reinforce a more centralized and unified social movement They examine the ways English ideas about labor influenced plantation slavery how Great Britain s imperial aspirations shaped American militarization the influence of religious tolerance on political unity and how Americans relationship to Great Britain after the war impacted the early republic s naval and taxation policies As a whole Anglicizing America offers a compelling framework for explaining the complex processes at work in the western hemisphere during the age of revolutions Contributors Denver Brunsman William Howard Carter Ignacio Gallup Diaz Anthony M Joseph Simon P Newman Geoffrey Plank Nancy L Rhoden Andrew Shankman Jeremy A Stern David J Silverman
