GROLLENBERG,1956 Shorter Atlas of the Bible Lucas Hendricus Grollenberg,1959 **The Davidic Succession and the Man of God in the Books of Samuel and Kings** Robert Ignatius Letellier,2023-04-20 1 and 2 Samuel constitute some of the finest historical writing in all of literature Written largely as historical biography these narratives offer commentary on formative events in the history of Ancient Israel The moral and spiritual repercussions of these events and of the persons involved are highlighted They are also important from a prophetic viewpoint in that they tell of the founding of Israel s Kingdom under David These events foreshadow the coming of Israel s true King and the establishment of the Kingdom under the Messiah The kings Saul and David and the teachings of the lives and witness of the prophets Elijah and Elisha still raise many questions and rich symbolic allusion This book re considers some of these and uncovers new perspectives on the themes arising from the crucial contribution of the Books of Samuel and Kings to both the Bible and wider Christian thought

Biblical Exegesis, Fourth Edition John H. Hayes,Carl R. Holladay,2022-10-04 This is a beginner s guide to biblical exegesis providing exegetical methods practices and theories This book provides simple helpful information and guidance about doing exegesis without being overly prescriptive succinctly introduces students to various methods provides basic bibliographies that take students beyond an introductory discussion and emphasizes exegesis as an everyday activity based on commonsense principles rather than as an esoteric enterprise This revised edition of this perennially best selling textbook includes discussions of emerging methods of interpretation aimed at a contemporary audience Several chapters have been updated and improved and readers will find an incisive new chapter on exegesis with a focus on identity and advocacy Holladay has also written a new concluding chapter on exegesis as the art of seeing Bibliographies are updated and a helpful glossary is included in this new edition **An Introduction to the Pentateuch** Robert Ignatius Letellier,2024-08-27 This study presents the Pentateuch in both a wider Biblical context and in a more specific close reading of the five initial books of Scripture The differing approaches to exploring and understanding these books through time is considered with special emphasis on the changing approaches of the last two centuries both in terms of the historical critical approach and the more literary analysis of structuralism These diachronic and synchronic approaches are synthesized in the canonical method which looks at the books in the wider and more specific context of the formation of the biblical canon and the relationship of these books to one another There is an investigation into the aspects of these fundamental texts that still render them challenging and helpful for anyone searching for enlightenment and the path of faith
