The Guinness Legend:

The Guinness Legend Michele Guinness,1989 *Arthur's Round* Patrick Guinness,2014-06-01 Ireland's best known Irishman his name and signature in every household and village in Ireland and many abroad is also the least known Part of Dublin life for over two centuries both family and brewery have passed into legend but their origins have been obscured Here in the round these origins are explored and the story of the man and his background told for the first time Various sources are examined and myths about Arthur laid to rest many of which were allowed to continue by his descendants This narrative traces the family's origins in Ulster Gaelic and Protestant Irish tenant farmers from humble backgrounds on both sides when Arthur's father Richard appears as a household agent in Celbridge Co Kildare in 1722 to work for Arthur Price the Protestant Dean of Kildare In 1755 Arthur takes on a brewery in Leixlip and joins the Kildare Friendly Brothers dining club in 1758 marrying and moving to St James's Gate in 1759-60 where the business developed By 1781 he is a patriarch and member of liberal patriot political groups diversifying his assets to preserve his wealth in unsettled times Of a generation with Edmund Burke and Richard Brinsley Sheridan this wily businessman built an empire that endured and expanded Family and social history combine with an account of the brewing process and descriptions of economic and political backgrounds in a rapidly developing Ireland giving a rich weave to this tapestry Visual sources include maps rare original documents prints and photographs of associated houses and places people and artifacts The result is a fascinating contextual portrait of an enigmatic figure the founding father of one of Ireland's most powerful dynasties *Legend Truths* Sophia Curie,AI,2025-01-31 *Legend Truths* explores the fascinating intersection between documented events and the urban legends they inspire revealing how real incidents transform into the cautionary tales that captivate our collective imagination Through meticulous research combining police reports archival documents and expert interviews the book uncovers the factual foundations behind popular legends like the kidney theft ring stories and haunted highway narratives demonstrating how actual crimes and accidents evolve into modern folklore The book's three part structure systematically traces the evolution of urban legends beginning with an examination of how mass media and digital networks accelerate the transformation of news into myth Through detailed case studies readers discover how documented incidents such as real elevator accidents spawn elaborate cautionary tales that reflect deeper societal fears The analysis draws from multiple disciplines including criminology social psychology and digital anthropology to explain why people continue believing and sharing these stories despite contradicting evidence What sets this work apart is its commitment to verifiable cases and its practical application of folklore studies to contemporary issues Rather than simply debunking myths it demonstrates how urban legends serve as mirrors of cultural anxiety and social change The book's interdisciplinary approach makes it valuable for both academic researchers and general readers interested in understanding how today's digital landscape influences the spread of modern myths and shapes our collective understanding of truth and fiction *Encyclopedia of Urban Legends* Jan

Interdenominational Faith Missions in Africa Klaus Fiedler, 2018-03-13 It was not the European and American churches which evangelised Africa but the mission societies The missions from the Great Awakening such as the London Missionary Society and Church Missionary Society or the Holy Ghost Fathers and the White Fathers which started the process of Sub Saharan Africa becoming a Christian continent are well known and documented Less known and less documented are the interdenominational faith missions which began in 1873 with the aim of visiting the still unreached areas of Africa North Africa the Sudan Belt and the Congo Basin Missions such as the Africa Inland Mission or Sudan Interior Mission gave birth to some of the big churches like ECWA in Nigeria and Africa Inland Church in Kenya It is the aim of this book to describe faith missions and their theology and to present an overview of the early development of faith missions insofar as they touched Africa
