The Story of a Hare J. C. Tregarthen, 2019-12-19 In *The Story of a Hare* J C Tregarthen weaves a delightful narrative that seamlessly merges the whimsical and the profound within the context of early 20th century children's literature The book is characterized by its rich lyrical prose vividly illustrating the adventures and trials of a young hare Tregarthen employs anthropomorphism to explore themes of friendship courage and the struggle for survival in nature while also subtly critiquing human societal norms and behaviors This charming tale not only entertains but also serves as a reflection of the innocence and curiosity inherent in youth positioning it as a notable work amid other contemporaneous children's stories that champion moral lessons through animal characters J C Tregarthen a British author was deeply influenced by the pastoral landscape of Cornwall where he grew up His immersion in nature and keen observations of wildlife and rural life inspired his writing particularly in crafting animal tales that resonate with both children and adults Tregarthen's background as a teacher also informed his understanding of the educational potential of storytelling prompting him to encapsulate valuable life lessons through engaging narratives Readers seeking an enchanting blend of adventure and moral depth will find *The Story of a Hare* a delightful addition to their literary collection Its timeless themes and engaging characters make it an excellent read for children and a nostalgic journey for adults inviting them to ponder the lessons of kindness and resilience in the backdrop of the natural world In this enriched edition we have carefully created added value for your reading experience Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read [Nuttall's Standard Dictionary of the English Language](#) , 1899 *Raising Hare* Chloe Dalton, 2025-03-04 NEW YORK TIMES BESTSELLER A moving and fascinating meditation on freedom trust loss and our relationship with the natural world explored through the story of one woman's unlikely friendship with a wild hare Imagine you could hold a baby hare and bottle feed it Imagine that it lived under your roof and lolloped around your bedroom at night drumming on the duvet cover when it wanted your attention Imagine that over two years later it still ran in from the fields when you called it and slept in your house for hours on end and gave birth to leverets in your study For political advisor and speechwriter Chloe Dalton who spent lockdown deep in the English countryside far away from her usual busy London life this became her unexpected reality In February 2021 Dalton stumbles upon a newborn hare a leveret that had been chased by a dog Fearing for its life she brings it home only to discover how impossible it is to rear a wild hare most of whom perish in captivity from either shock or starvation Through trial and error she learns to feed and care for the leveret with every intention of returning it to the wilderness Instead it becomes her constant companion wandering the fields and woods at night and returning to Dalton's house by day Though Dalton feared that the hare would be preyed upon by foxes stoats feral cats raptors and even people she never tried to restrict it to the house Each time the hare leaves Chloe knows she may never see it again Yet she also

understands that to confine it would be its own kind of death Raising Hare chronicles their journey together while also taking a deep dive into the lives and nature of hares and the way they have been viewed historically in art literature and folklore We witness first hand the joy at this extraordinary relationship between human and animal which serves as a reminder that the best things and most beautiful experiences arise when we least expect them A beautiful book that makes you think profoundly about how we so often tune out the natural world around us Chloe Dalton is a tender curious wise mind expanding guide connecting readers with the wild we humans once knew so well I will be recommending this to everyone
