The history of the Siletz is in many ways the history of all Indian tribes in America a story of heartache perseverance survival and revival It began in a resource rich homeland thousands of years ago and today finds a vibrant modern community with a deeply held commitment to tradition The Confederated Tribes of Siletz Indians twenty seven tribes speaking at least ten languages were brought together on the Oregon Coast through treaties with the federal government in 1853 55 For decades after the Siletz people lost many traditional customs saw their languages almost wiped out and experienced poverty killing diseases and humiliation Again and again the federal government took great chunks of the magnificent timber rich tribal homeland a reservation of 1 1 million acres reaching a full 100 miles north to south on the Oregon Coast By 1956 the tribe had been terminated under the Western Oregon Indian Termination Act selling off the remaining land cutting off federal health and education benefits and denying tribal status Poverty worsened and the sense of cultural loss deepened The Siletz people refused to give in In 1977 after years of work and appeals to Congress they became the second tribe in the nation to have its federal status its treaty rights and its sovereignty restored Hand in glove with this federal recognition of the tribe has come a recovery of some land several hundred acres near Siletz and 9 000 acres of forest and a profound cultural revival This remarkable account written by one of the nation s most respected experts in tribal law and history is rich in Indian voices and grounded in extensive research that includes oral tradition and personal interviews It is a book that not only provides a deep and beautifully written account of the history of the Siletz but reaches beyond region and tribe to tell a story that will inform the way all of us think about the past Watch the book trailer <https://www.youtube.com/watch?v=NEtAIGxp6pc>
