The Heroic Age Of Franco German Jewry:

The Heroic Age of Franco-German Jewry Irving Abraham Agus,1969 The heroic age of Franco-German Jewry
Irving A. Agus,1969 **Heroic Age of Franco-German Jewry** Irving Abraham Agus,1969 *The Heroic Age of*
Franco-german Jewry Irving A. Agus,1969 **European Jewry and the First Crusade** Robert Chazan,2023-09-01 One of
the unanticipated results of the First Crusade in 1095 was a series of violent assaults on major Jewish communities in the
Rhineland Robert Chazan offers the first detailed analysis of these events illuminating the attitudes that triggered the
assaults as well as the beliefs that informed Jewish reactions to them One of the unanticipated results of the First Crusade in
1095 was a series of violent assaults on major Jewish communities in the Rhineland Robert Chazan offers the first detailed
analysis of these events illuminating the attitudes that triggered the as Medieval Jewry in Northern France Robert
Chazan,2019-12-01 Originally published in 1974 Focusing on a set of Jewish communities Robert Chazan tells how by the
eleventh century French Jews had created for themselves a role as local merchants and moneylenders in adapting to the
political economic and social limits imposed on them French society striving to become more powerful and civilized was
willing to extend aid and protection to the Jews in return for general stimulation of trade and urban life and for the
immediate profit realized from taxation While the authorities were relatively successful in protecting the Jews from others
there was no power to impose itself between the Jews and their protectors The political and social well being of the Jews was
therefore dependent on the will of the governing authorities who taxed their holdings and regulated their activities During
the twelfth and thirteenth centuries the position of the Jews was constantly under attack by reform elements in the church
concerned with Jewish moneylending and blasphemous materials in Jewish books these reformers were eventually devoted to
a serious missionizing effort within the Jewish community The Jews situation was further complicated by deep popular
animosity expressing itself in a damaging set of slanders and occasionally in physical violence Despite the impressive
achievements of the Jews in medieval northern France by the thirteenth century their community was increasingly
constricted and in 1306 they were expelled from royal France by Philip IV Overcoming the handicap of a lack of copious
source material Chazan analyzes the Jews political status their relations with key elements of Christian society their
demographic development their economic outlets their internal organization and their attitudes toward the Christian
environment As it highlights aspects of French society from an unusual perspective Medieval Jewry in Northern France
should be of special interest to the historian of medieval France as well as to the student of Jewish history This story is also
significant for all who are fascinated by the capacity of human groups to respond and adapt creatively to a hostile and
limiting environment The Jews of Medieval France Emily Taitz,1994-11-21 This book studies the Jewish community of
Champagne from the fifth century to the expulsion of 1306 It documents the growth and decline of the community examines
its interrelationships with the larger Christian culture and presents a model for the study of other communities The economic

and political consolidation of the county coupled with the development of Jewish self government and a system of education in Talmudic law were important factors in the growth of Champagne s Jewish community The subsequent decline of the community in the mid 13th century was also attributable to economic and political factors as well as a growing church influence The Jews of Medieval France The Community of Champagne also offers an in depth analysis of women s place in the Jewish and gentile worlds of medieval France Details and comparisons of women s status within the family and in business and examples of attitudes toward women in literature and law are all thoroughly integrated into the text *Shield and Sword* Hanne Trautner-Kromann,1993

In the Year 1096 Robert Chazan,1997 In 1996 the world commemorated the 900th anniversary of the First Crusade or more precisely of the pogroms unleashed by the crusade upon the Jews of the Rhineland In the Year 1096 presents a clear highly readable chronicle of the events of 1096 Noted teacher and historian Robert Chazan brings readers to critical moments in Jewish history illuminating the events themselves their antecedents the significance of the events of 1096 within the larger framework of Jewish history including both the scope of persecution and the record of Jewish resistance

The Quest for Utopia Zvi Y. Gitelman,2016-06-16 This exploration of the Jewish political tradition elucidates a long rich and diverse experience of both sovereignty and dispersed statelessness It holds insights as Zvi Gitelman points out in his introductory chapter for anyone interested comparative and ethnic politics Jewish history and the prehistory of contemporary Israeli politics Stuart Cohen analyzes the covenant idea and the constitutional character of ancient Israel which had a profound influence on Western political thought through the medium of the Bible Gerald Blidstein examines rabbinic strategies for accommodation to the realities of Jewish dispersion in the middle Ages while Robert Chazan focuses on communal authority and self governance in the same period Jonathan Frankel and Paula Hyman move the study into modern times with attempts to characterize the diverse patterns of Jewish political culture and activity in different parts of Europe in the process revealing the dynamics of political cultural influence Finally Peter Medding looks at the new politics of contemporary American Jews as voters as public officials and as organizational actors

Jewish Women in Fin de Siècle Vienna Alison Rose,2009-09-15 Despite much study of Viennese culture and Judaism between 1890 and 1914 little research has been done to examine the role of Jewish women in this milieu Rescuing a lost legacy Jewish Women in Fin de Siècle Vienna explores the myriad ways in which Jewish women contributed to the development of Viennese culture and participated widely in politics and cultural spheres Areas of exploration include the education and family lives of Viennese Jewish girls and varying degrees of involvement of Jewish women in philanthropy and prayer university life Zionism psychoanalysis and medicine literature and culture Incorporating general studies of Austrian women during this period Alison Rose also presents significant findings regarding stereotypes of Jewish gender and sexuality and the politics of anti-Semitism as well as the impact of German culture feminist dialogues and bourgeois self images As members of two minority groups Viennese Jewish women nonetheless used their involvement in various movements to come to terms with their dual

identity during this period of profound social turmoil Breaking new ground in the study of perceptions and realities within a pivotal segment of the Viennese population *Jewish Women in Fin de Si cle Vienna* applies the lens of gender in important new ways *Further Perspectives on Jewish Law and Contemporary Issues* Wayne Allen,2011-10-20 As a dynamic tradition Judaism has always relied on experts to interpret sacred texts for modern times Responding to the questions posed to him from congregants other rabbis and Jews around the world Rabbi Allen blends his special sensitivity with profound scholarship in addressing a wide range of religious issues This book is a window into how an ancient tradition can still keep its relevance today Handbook of Medieval Studies Albrecht Classen,2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together *Jewish Women's History from Antiquity to the Present* Rebecca Lynn Winer,Federica Francesconi,2021-11-02 This publication is significant within the field of Jewish studies and beyond the essays include comparative material and have the potential to reach scholarly audiences in many related fields but are written to be accessible to all with the introductions in every chapter aimed at orienting the enthusiast from outside academia to each time and place **Reader's Guide to Judaism** Michael Terry,2013-12-02 The Reader s Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly **Protest and Prayer** Chanan Tomlin,2006 Based on author s dissertation Ph D Univ of Southampton **Communication in the Jewish Diaspora** Sophia Menache,2024-01-22 Although Jews lacked a political locus standi for a communication system in the Middle Ages and Early Modern periods their involvement in trade and the close relations among Jewish communities fostered the development of effective channels of communication This process responded primarily to security and socio economic considerations but it has important implications for the development of communication systems as well Written by some of the most outstanding researchers in the field of Jewish history this collection offers a rich and consistent picture of the main developments in communications in

Educating People of Faith John H. Van Engen, 2004 A much needed addition to the emerging literature on the formative power of religious practices *Educating People of Faith* creates a vivid portrait of the lived practices that shaped the faith of Jews and Christians in synagogues and churches from antiquity up to the seventeenth century This significant book is the work of Jewish Roman Catholic Orthodox and Protestant scholars who wished to discover and describe how Jews and Christians through history have been formed in religious ways of thinking and acting Rather than focusing solely on either intellectual or social life the authors all use the concept of practices as they attend to the embodied contextual character of religious formation Their studies of religious figures community life and traditional practices such as preaching sacraments and catechesis are colorful detailed and revealing The authors are also careful to cover the nature of religious education across all social levels from the textual formation of highly literate rabbis and monks engaged in Scripture study to the local formation of illiterate medieval Christians for whom the veneration of saints shrines street performances of religious dramas and public preaching by wandering preachers were profoundly formative *Educating People of Faith* will benefit scholars and teachers desiring a fuller perspective on how lived practices have historically formed people in religious faith It will also be useful to practical theologians and pastors who wish to make the resources of the past available to practitioners in the present Contributors John C Cavadini Anne L Clark Lawrence S Cunningham Joseph Goering Robert Goldenberg Stanley Samuel Harakas Robert M Kingdon Blake Leyerle Michael A Signer Philip M Soergel David C Steinmetz John Van Engen Lee Palmer Wandel Robert Louis Wilken Elliot R Wolfson
