Ang, 2013-07-04 Existing studies of the Vietnam War have been written mostly from an American perspective using western sources and viewing the conflict through western eyes This book based on extensive original research including Vietnamese Chinese and former Soviet sources presents a history of the war from the perspective of the Vietnamese communists It charts relations with Moscow and Beijing showing how the involvement of the two major communist powers changed over time and how the Vietnamese despite their huge dependence on the Chinese and the Soviets were most definitely in charge of their own decision making Overall it provides an important corrective to the many one sided studies of the war and presents a very interesting new perspective The other side; or, Notes for the history of the war between Mexico and the United States ...

Translated from the Spanish with notes Albert C. Ramsey (Colonel.), 1850 The Other Side ; Or, Notes for the History of the War Between Mexico and the United States Ramón Alcaraz, 1850 The Other Side: Or, Notes for the History of the War Between Mexico and the United States. The Other Side Martin Lahiff, 2013-07 Some forty scholarly works written by historians on both sides of the Border form the basis for this non scholarly attempt to provide a short simple story of events between the Spanish conquest of Mexico five centuries ago and Mexico's dominance of itself since its independence of two hundred years Better analysis of events here described in a factually chronologic way can be found in the writer's historical sources A reader knowing little of Mexico's history can get a good start with this writer's try to show what the large and beautiful land to the south has met and overcome on the way to what it has and what it will become *The Car Worker*, 1914 Erving Goffman and the Cold War Gary D. Jaworski, 2023-08-07 Erving Goffman and the Cold War presents a provocative new reading of the work of sociologist Erving Goffman Instead of viewing him as a marginal man or academic outsider Gary D Jaworski explores Goffman as a social theorist of the Cold War Goffman was deeply connected to both the ethos of his time and to a range of cold warriors and their critics such as Edward A Shils Thomas C Schelling and the researchers on brainwashing associated with the Walter Reed

Army Institute of Research among others Chapters on loyalty betrayal secrecy strategy interrogation provocation and aggression concretely illustrate these connections Erving Goffman and the Cold War shows that Goffman was much more than a microsociologist of mundane life he was a perceptive analyst of the Cold War America     **Animals** ,1910
