compelling new insights into the ways climate change is constructed governed and shaped by and in turn shapes regional and global climate politics By focusing on climate security as it is constructed in the Pacific and how this concept mobilises resources and shapes the implementation of climate finance the book provides an up to date account of the way regional organizations in the Pacific have contributed to the search for solutions to the problem of climate insecurity In the context of the United Nations Climate Change Conference COP21 in Paris in 2015 the focus of this book on regional governance offers a concise and innovative account of climate politics in the prevailing global context and one with implications for the study of climate security in other regions particularly in the developing world

Asia in the Pacific Islands R. G. Crocombe, 2007 A spectacular transition is under way in the Pacific Islands as a result of which all our lives will be radically different In the last fifty years or so Asia has begun to play a bigger and bigger role in all aspects of Islands life migration trade and investment aid and development information and media religion culture and sport It is replacing the West The process is irreversible With his trademark breadth and depth of knowledge and understanding of the region based on over half a century of experience study and deliberation Ron Crocombe documents the early connections between Asia and the Pacific details recent and continuing changes and poses challenging theories about the future Publisher **Globalisation and Governance in the Pacific Islands** Stewart Firth, 2006-12-01 The Pacific Islands are feeling the effects of globalisation Free trade in sugar and garments is threatening two of Fiji's key industries At the same time other opportunities are emerging Labour migration is growing in importance and Pacific governments are calling for more access to Australia's labour market Fiji has joined Samoa Tonga Tuvalu and Kiribati as a remittance economy with thousands of its citizens working overseas Meantime Papua New Guinea and Solomon Islands grapple with an older kind of globalisation in which overseas companies exploit mineral and forest resources The Pacific Islands confront unique problems of governance in this era of globalisation The modern democratic state often fits awkwardly with traditional ways of doing politics in that part of the world Just as often politicians in the Pacific exploit tradition or invent it to serve modern political purposes The contributors to this volume examine Pacific globalisation and governance from a wide range of perspectives They come from Papua New Guinea Solomon Islands Hawaii i the Federated States of Micronesia Samoa Fiji New Zealand and Jamaica as well as Australia Publisher's description
