Story Harold Scheub, 1998-10-01 What is the essence of story How does the storyteller convey meaning Leading scholar Harold Scheub tackles these questions and more demonstrating that the power of story lies in emotion While others have focused on the importance of structure in the art of story Scheub emphasizes emotion He shows how an expert storyteller uses structural elements image rhythm and narrative to shape a story's fundamental emotional content The storyteller uses traditional images repetition and linear narrative to move the audience past the story's surface of morals and ideas and make connections to their past present and future To guide the audience on this emotional journey is the storyteller's art The traditional stories from South African Xhosa and San cultures included in the book lend persuasive support to Scheub's These stories speak for themselves demonstrating that a skilled performer can stir emotions despite the obstacles of space time and culture

The Uncoiling Python Harold Scheub, 2010-06-05 There are many collections of African oral traditions but few as carefully organized as The Uncoiling Python Harold Scheub one of the world's leading scholars of African oral traditions and folklore explores the ways in which oral traditions have served to combat and subvert colonial domination in South Africa From the time colonial forces first came to southern Africa in 1487 oral and written traditions have been a bulwark against what became 350 years of colonial rule characterized by the racist policies of apartheid The Uncoiling Python South African Storytellers and Resistance is the first in depth study of oral tradition as a means of survival In open insurrections and other subversive activities Africans resisted the daily humiliations of colonial rule but perhaps the most effective and least apparent expression of subversion was through indigenous storytelling and poetic traditions Harold Scheub has collected the stories and poetry of the Xhosa Zulu Swati and Ndebele peoples to present a fascinating analysis of how the apparently harmless tellers of tales and creators of poetry acted as front line soldiers
