guidance **"The Religious Patronage of the Duke of Lerma, 1598?621 "** LisaA. Banner,2017-07-05 Introducing fresh archival evidence author Lisa Banner here demonstrates how Francisco G de Sandoval y Rojas first Duke of Lerma served as a vital link in Habsburg architectural patronage She traces Lerma s trajectory as beginning with the ancient royal city of Valladolid he embarked on a career of renovating or building religious foundations in various towns and cities around seventeenth century Spain The unintended consequence of his architectural patronage and involvement was to proliferate the distinctive royal architectural style developed under Philip II which connected the foundations of Lerma indelibly with the traditions of noble patronage in Habsburg Spain **The Influence of Italian Culture on the Sevillian Golden Age of Painting** Rafael Japón,2022-03-20 This book explores the cultural exchange between Italy and Spain in the seventeenth century examining Spanish collectors predilection for Italian painting and its influence on Spanish painters Focused on collecting and using a novel methodology this volume studies how the painters of the Sevillian school including Francisco Pacheco Diego Vel zquez Alonso Cano and Bartolom Esteban Murillo perceived and were influenced by Italian painting Through many examples it is shown how the presence in Andalusia of various works and copies of works by artists such as Michelangelo Caravaggio and Guido Reni inspired famous compositions by these Spanish artists In addition the book delves into the historical political and social context of this period The book will be of interest to scholars working in art history Renaissance studies and Italian and Spanish history **Sebastiano del Piombo and the World of Spanish Rome** Piers Baker-Bates,2017-07-05 Sebastiano del Piombo c 1485 1547 was a close associate and rival of the central artistic figures of the High Renaissance notably Michelangelo and Raphael After the death of Raphael and the departure of Michelangelo from Rome Sebastiano became the dominant artistic personality in the city Despite being one of most significant artistic figures of the period he remains the last artist of major importance in the western canon about whom no recent work has been published in English In this study Piers Baker Bates approaches Sebastiano s career through analysis of the patrons he attracted following his arrival at Rome The first half of the book concentrates on Sebastiano s network of patrons predominantly Italian who had strong factional ties to the Imperial camp the second half discusses Sebastiano s relationship with his principal Spanish patrons Sebastiano is a leading example of a transcultural artist in the sixteenth century and his relationship with Spain was fundamental to the development of his careerThe author investigates the domination of Sebastiano s career by patrons who had geographically different origins but who were all were members of a wider network of Imperial loyalties Thus Baker Bates removes Sebastiano from the shadow of his contemporaries bringing him to life for the reader as an artistic personality in his own right Baker Bates characterization of the Rome in which Sebastiano made his career differs from previous scholarly accounts and he describes how Sebastiano was ideally suited to flourish in the environment he depicts Sebastiano del Piombo and the World of Spanish Rome thus re appraises not only Sebastiano s place in the canon of Renaissance art but using him as a lens also the cultural worlds of Early Modern Italy and Spain in which he
