The Penguin Of English Pastoral Verse:

The Penguin Book of English Pastoral Verse John Stanley Barrell, 1982 *A Book of English Pastoral Verse* John Barrell, John Bull, John Stanley Bull, 1975 *The Cambridge Companion to Literature and the Environment* Louise Westling, 2014 This authoritative collection of rigorous but accessible essays investigates the exciting new interdisciplinary field of environmental literary criticism *John Clare and the Place of Poetry* Mina Gorji, 2008-01-01 Traditional accounts of Romantic poetry have depicted John Clare as a peripheral figure an original genius whose talents removed him from the mainstream This volume helps to show that far from being brilliant yet isolated Clare was deeply involved in the rich cultural life of both his village and the larger metropolis Offering an account of Clare's poems as they relate to the literary culture and burgeoning literary history of his day Mina Gorji defines the context in which Clare's work can best be understood in relation to eighteenth century traditions as they persisted and developed in the Romantic period **Class and the Canon** K. Blair, M. Gorji, 2012-11-13 Examining how labouring class poets constructed themselves and were constructed by critics as part of a canon and how they situated their work in relation to contemporaries and poets from earlier periods this book highlights the complexities of labouring class poetic identities in the period from Burns to mid late century Victorian dialect poets *A History of English Georgic Writing* Paddy Bullard, 2022-12-15 The interconnected themes of land and labour were a common recourse for English literary writers between the sixteenth and twentieth centuries and in the twenty first they have become pressing again in the work of nature writers environmentalists poets novelists and dramatists Written by a team of sixteen subject specialists this volume surveys the literature of rural working lives and landscapes written in English between 1500 and the present day offering a range of scholarly perspectives on the georgic tradition with insights from literary criticism historical scholarship classics post colonial studies rural studies and ecocriticism Providing an overview of the current scholarship in georgic literature and criticism this collection argues that the work of people and animals in farming communities and the land as it is understood through that work has provided writers in English with one of their most complex and enduring themes *The Idea of Nature in Disney Animation* David S. Whitley, 2008 David Whitley's compelling study complicates our understanding of the classic Disney canon by focusing on the way images of the natural world are mediated within popular art for children He examines a range of Disney's feature animations from Snow White to Finding Nemo to show that even as the films communicate the central ideologies of their times they also express the ambiguities and tensions that underlie these dominant values *The Idea of Nature in Disney Animation* David Whitley, 2016-03-03 In the second edition of *The Idea of Nature in Disney Animation* David Whitley updates his 2008 book to reflect recent developments in Disney and Disney Pixar animation such as the apocalyptic tale of earth's failed ecosystem WALL E As Whitley has shown and Disney's newest films continue to demonstrate the messages animated films convey about the natural world are of crucial importance to their child viewers Beginning with Snow White Whitley examines a wide range

of Disney's feature animations in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as *Bambi*, *The Jungle Book*, *Pocahontas*, *Beauty and the Beast*, and *Finding Nemo*, necessarily prevents audiences from developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience. **Preposterous Virgil**

Juan Christian Pellicer, 2022-06-02 This study in reception develops close readings of English literature as means of interrogating Virgil's texts. Through four case studies bookended by wide-ranging introductory and concluding chapters, this book shows how interpreting the *Eclogues*, *Georgics*, and *Aeneid* through modern responses can serve to focus on aspects of Virgil that would otherwise be differently perceived or else escape notice altogether. Juan Christian Pellicer probes our perceptions of the three Virgilian genres: pastoral, georgic, and epic, and analyzes the ways in which modern reconfigurations of these genres can inform our readings of Virgil's works as well as help us realize how our own ideas about Virgil reflect the literary receptions through which we approach his texts. This book offers a practical demonstration of classical reception and its value as a critical procedure. By testing the value of modern responses to Virgil as means by which to read his texts, Pellicer critically examines a central tenet of reception studies of classical authors: namely, that our understanding of their work can benefit from the receptions through which we perceive them. The reader will find Virgil's texts reconfigured in challenging new ways and will find new appreciations of the classical traditions that inform key texts in the English canon.

Nineteenth-Century English Labouring-Class Poets Vol 1 John Goodridge, 2020-04-13 Over 100 poets of labouring class origin were published in Britain in the 18th and 19th centuries. Some were hugely popular and important in their day but few are available today. This is a collection of some of those poems from the 19th century.
