Socrates In The Apology An Essay On Platos Apology Of Socrates:

Socrates in the Apology C. D. C. Reeve, 1989-01-01 Reeve's book is an excellent companion to Plato's Apology and a valuable discussion of many of the main issues that arise in the early dialogues. Reeve is an extremely careful reader of texts and his familiarity with the legal and cultural background of Socrates' trial allows him to correct many common misunderstandings of that event. In addition, he integrates his reading of the apology with a sophisticated discussion of Socrates' philosophy. The writing is clear and succinct, and the research is informed by a thorough acquaintance with the secondary literature. Reeve's book will be accessible to any serious undergraduate, but it is also a work that will have to be taken into account by every scholar doing advanced research on Socrates. Richard Kraut, Northwestern University

Plato's Apology of Socrates Paul Allen Miller, Charles Platter, 2012-11-13 The significance of Plato's Apology of Socrates is impossible to overestimate. An account of the famous trial of Socrates in 399 B.C., it appeals to historians, philosophers, political scientists, classicists, and literary critics. It is also essential reading for students of ancient Greek. This new commentary on Plato's canonical work is designed to accommodate the needs of students in intermediate-level Greek classes where they typically encounter the Apology for the first time. Paul Allen Miller and Charles Platter, two highly respected classicists and veteran instructors, present the Apology in its traditional thirty-three chapter structure. They amplify the text with running commentary and glosses of unfamiliar words at the bottom of each page, brief chapter introductions to relevant philosophical, historical, and rhetorical issues, and a separate series of thought-provoking essays, one on each chapter. The essays can serve as bases for class discussions or as starting points for paper topics or general reflection. By integrating background material into the text at regular intervals rather than front-loading it in a lengthy initial overview or burying it in back of the book, endnotes, the authors offer students a rich encounter with the text. Their commentary incorporates the latest research on both the trial of Socrates and Plato's version of it, and it engages major philosophical issues from a contemporary perspective. This book is not only a much-needed aid for students of Greek; it is also the basis of a complete course on the Apology.

Apology Plato, 2013-02-13 The Apology is Plato's version of the speech given by Socrates as he unsuccessfully defended himself in 399 B.C. against the charges of corrupting the young and by not believing in the gods in whom the city believes, but in other daimonia that are novel. Apology here has its earlier meaning of speaking in defense of a cause or of one's beliefs or actions. The Apology begins with Socrates saying he does not know if the men of Athens, his jury, have been persuaded by his accusers. This first sentence is crucial to the theme of the entire speech. Indeed, in the Apology, Socrates will suggest that philosophy begins with a sincere admission of ignorance; he later clarifies this dramatically, stating that whatever wisdom he has comes from his knowledge that he knows nothing. The Apology can be divided into three parts. The first part is Socrates' own defense of himself and his cross-examination of Meletus. The second part is the verdict, and the third part is the sentencing.

Apology (Annotated) Plato, 2015-10-19 In what relation the Apology of Plato stands to the real defence of Socrates there

are no means of determining It certainly agrees in tone and character with the description of Xenophon who says in the Memorabilia that Socrates might have been acquitted if in any moderate degree he would have conciliated the favour of the dicasts and who informs us in another passage on the testimony of Hermogenes the friend of Socrates that he had no wish to live and that the divine sign refused to allow him to prepare a defence and also that Socrates himself declared this to be unnecessary on the ground that all his life long he had been preparing against that hour

The Apology Plato, Benjamin Jowett, 2014-09-08 Translated with an introduction by Benjamin Jowett The Apology is Plato's version of the speech given by Socrates as he defended himself in 399 BC against the charges of corrupting the young and by not believing in the gods in whom the city believes but in other daimonia that are novel 24b Apology here has its earlier meaning now usually expressed by the word apologia of speaking in defense of a cause or of one's beliefs or actions The general term apology in context to literature defends a world from attack opposite of satire which attacks the world Xenophon who wrote his own Apology of Socrates indicates that a number of writers had published accounts of Socrates defense According to one prominent scholar Writing designed to clear Socrates name was doubtless a particular feature of the decade or so following 399 BC Many scholars guess that Plato's Apology was one of the first if not the very first dialogues Plato wrote though there is little if any evidence Plato's Apology is commonly regarded as the most reliable source of information about the historical Socrates Except for two brief exchanges with Meletus at 24d 25d and 26b 27d where the monologue becomes a dialogue the text is written in the first person from Socrates point of view as though it were Socrates actual speech at the trial During the course of the speech Socrates twice mentions Plato as being present at 34a and 38b There is however no real way of knowing how closely Socrates words in the Apology match those of Socrates at the actual trial even if it was Plato's intention to be accurate in this respect One contemporary criticism of Plato's Apology is perhaps implied by the opening paragraphs of Xenophon's Apology assuming that the former antedated the latter Xenophon remarks that previous writers had failed to make clear the reason for Socrates boastful talk in the face of the death penalty Xenophon's account disagrees in some other respects with the details of Plato's Apology but he nowhere explicitly claims it to be inaccurate

Sense Perception and Testimony in the Gospel According to John Sunny Kuan-Hui Wang, 2017-06-02 In this book Sunny Kuan Hui Wang explores the relationship between sense perception and testimony in the Gospel of John While Johannine scholars tend to focus on one or the other she shows that sense perception and testimony are both significant and are used together with the intention of drawing readers into the narrative so that they become witnesses in an emotionally engaged way It is argued that John's use of sense perception together with testimony is rooted in Jewish literature Yet John also employs a Graeco Roman rhetorical technique enargeia which appeals to the persuasive power of sense perception to make his narrative vivid John does not downplay sense perception Rather he uses it in the context of testimony as a means of persuasion to draw the readers in their imagination into the experience of the first disciples and thus deeper into faith and witness

The Emergence of Subjectivity in the Ancient and Medieval World Jon Stewart, 2020-03-24 The Emergence of Subjectivity in the Ancient and Medieval World An Interpretation of Western Civilization represents a combination of different genres cultural history philosophical anthropology and textbook It follows a handful of different but interrelated themes through more than a dozen texts that were written over a period of several millennia and by means of an analysis of these texts presents a theory of the development of Western civilization from antiquity to the Middle Ages The main line of argument traces the various self conceptions of different cultures as they developed historically reflecting different views of what it is to be human The thesis of the volume is that through examination of these changes we can discern the gradual emergence of what we today call inwardness subjectivity and individual freedom As human civilization took its first tenuous steps it had a very limited conception of the individual Instead the dominant principle was that of the wider group the family clan or people Only in the course of history did the idea of what we now know as individuality begin to emerge and it took millennia for this idea to be fully recognized and developed The conception of human beings as having a sphere of inwardness and subjectivity subsequently had a sweeping impact on all aspects of culture including philosophy religion law and art indeed this notion largely constitutes what is today referred to as modernity It is easy to lose sight of the fact that this modern conception of human subjectivity was not simply something given but rather the result of a long process of historical and cultural development
