Kim,2021-07-01 This book offers a detailed analysis of the Gospel of Thomas in its historic and literary context providing a new understanding of the genesis of the Jesus tradition Discovered in the twentieth century the non canonical Gospel of Thomas is an important early text whose origins and place in the history of Christianity continue to be subjects of debate Aiming to relocate the Thomasine community in the wider context of early Christianity this study considers the Gospel of Thomas as a bridge between the oral and literary phases of the Christian movement It will therefore be useful for Religion scholars working on Biblical studies Coptic codices gnosticism and early Christianity **The Judge Is the Savior** Jean Wyatt,2015-02-16 This is a book Jean Wyatt felt compelled to write as she has for many years wrestled with questions surrounding the love and the justice of God his salvation and judgment through Jesus Christ and the effect of our response or lack of response to that salvation The Bible gives glimpses of hope that in the end God will restore all things and that finally all people will worship him If it is God s will that all should be saved is it possible to resist that will for all eternity Or dare we hope that God will continue to seek and ultimately save those who now reject his offered salvation Dare we hope that hell will be a place of restorative justice and cleansing with redemption as its aim Wyatt has come to the conclusion that we can answer Yes to both these questions The fire of God consumes evil and cleanses people Meanwhile in the here and now in which we live as disciples of Jesus Christ we are called to be witnesses to the kingdom of God and to work for his kingdom to come on earth as it is in heaven **A Manual of Biblical Bibliography** Thomas Hartwell Horne,1839 **Part 3** ,1986
