Grandmaster Larry Kaufman presents a very effective way for White to disrupt the plans and demolish the position of players on the black side of the popular Gr nfeld Defence The repertoire Kaufman recommends leaves Black the unpleasant choice of either facing a well prepared opponent ready for immediate attack or ending up in an altogether different opening which is not going to leave him very happy the Saemisch variation of the Kings Indian This aggressive approach which has sometimes been called the Alekhine Anti Gr nfeld should appeal to amateurs while being sound enough for elite players to employ Kaufman clearly lays out the strategic concepts as well as the concrete variations and presents a wealth of new resources for both White and Black *The Agile London System* Alfonso Romero Holmes,Oscar de Prado,2016-10-15 It is not difficult to understand why The London System is such a popular chess opening with club players all over the world Against virtually every Black defence after 1 d4 it offers White an easy to learn and reliable set of lines with interesting choices between

strategic or more aggressive approaches while avoiding tons of opening theory. Lately an increasing number of Grandmasters such as Alexander Grischuk, Gata Kamsky, Baadur Jobava, Richard Rapport, and even World Champion Magnus Carlsen have played The London System. In this light it is surprising that so little has been published about this fascinating universal weapon. GM Alfonso Romero and FM Oscar de Prado have now filled this gap. In *The Agile London System* they present both historical material and recent top level examples to provide a comprehensive overview. The authors explain the typical plans and tactics using illustrative games with clear verbal explanations and provide lots of tactical and strategic exercises. They reveal the secrets behind sharp ideas such as the Barry Attack and the Jobava Attack and have added an exciting chapter on the especially aggressive Pereyra Attack developed by the Argentinean master Manuel Pereyra Puebla.
