Read My Heart Lucia McMahon,Deborah Schriver,2015-08-19 The Journal of Rachel Van Dyke a compelling primary document previously unpublished offers insights into the life and mind of a seventeen year old young woman while also providing a fascinating window into the cultural and social landscape of the early national period Rachel was a thoughtful intelligent observer and her journal is an important account of upper and middle class life in the growing city of New Brunswick New Jersey Her entries reveal her remarkably studied views on social customs marriage gender roles friendship and religion The journal is dominated by two interrelated themes Rachel s desire to broaden her knowledge and her friendship with her teacher Ebenezer Grosvenor Since Ebenezer was both her teacher and her romantic interest it is impossible to distinguish between the themes of education and romance that dominate her writings On several occasions Rachel and Ebenezer exchanged their private journals with each other During these exchanges Ebenezer added comments in

the margins of Rachel's journal producing areas of written conversation between them. The marginalia adds to the complexity of the journal and provides evidence of and insight into Rachel's romantic and intellectual relationship with him. The written interactions between Rachel and Ebenezer together with discussions of friendship and courtship rituals provided throughout the journal enrich our understanding of social life during the early national period. To Read My Heart will be of interest to students of American history, women's studies, and nineteenth-century literature; all readers will be captivated by the rich expression and emotional experience of the journal. Whether she is relating the story of a young friend's wedding, the death of a small boy, or the capture of a slave in Guinea, Rachel's pages have universal appeal as she seeks to understand her own role as an emerging adult.

Classroom Reading to Engage the Heart and Mind Nancy Boyles, 2020-04-01

Storybook characters and situations are perfect for launching discussions of social-emotional learning; why not let them help? In picture books, well-loved characters deal with many of the same problems students face in their own lives. What better resource could there be for encouraging students to think about their actions and responses? Using classroom texts to start SEL conversations during an interactive read-aloud or an extension of shared close-reading lessons weaves social-emotional learning organically into the fabric of an existing curriculum rather than adding a new block to the day. In a book perfect for a study group or for immediate use in the classroom, literacy educator Nancy Boyles connects the dots between the competencies identified by leaders in the SEL field with the rich content of children's literature. More than 200 award-winning picture books are profiled along the way as she unpacks each SEL skill, sketches typical classroom situations in which teachers might not see that skill demonstrated, discusses what to look for in books that address it, and provides carefully crafted sets of questions to explore with students.
