**Geography of Loss** Patti Digh, 2013-12-23 This extraordinary book is borne of loss the loss of love of certainty and assuredness of knowing where we are or who we are of beauty and youth of health of life itself of privacy and of roles and of knowing When someone or something we love leaves us we suddenly walk alone into new territory without them We become strangers in new lands places where the landscape is unalterably changed where the center of gravity has somehow faltered and become weak making us feel as if we might fall off the surface of the earth Sometimes that moment of loss defines the rest of our lives becoming a center to our compass forever This unique book is a guidebook an atlas of those experiences of loss and grief a map for living through and into change and impermanence to moving on anew You are the navigator through the three main sections Embrace what is walk into your new landscape Honor what was be grateful for your old landscape Love what will be live into your future landscape Illustrated throughout with art submitted from around the world this book is an atlas of experience utilizing map imagery and the richly metaphoric evocative and functional language of geography to help you place yourself on your own journey to find your way through helpful exercises and an empathetic expert guide
