The Herb Hashish Versus Medieval Muslim Society:

The Herb Rosenthal,2023-07-24 **The Herb** Franz Rosenthal,1971 *The Herb* C. C. Yu,1971 The History of Islamic Political Thought Antony Black,2001 The History of Islamic Political Thought offers a full description and an interpretation of political philosophy from early Islam to the current age of Fundamentalism 622 AD to 2000 AD Antony Black takes the same approach as scholars usually do for the history of Western political thought examining the mentality cultural milieu and political background of thinkers and statesmen He covers the relationship of politics to religion law ethics philosophy and statecraft as expressed through treatises occasional writings official rhetoric popular slogans and other evidence of how people thought about authority and order Jews, Visigoths and Muslims in Medieval Spain Norman Roth,2024-04-02 Jews settled in medieval Spain at least by the third century and under the Christian Visigoths sixth to eighth centuries suffered increasing hostility and persecution from which they were saved by the Muslim invasion 711 This book details the relations between Jews and the Visigoths and then with the Muslims both in Muslim Spain proper al Andalus and in later Christian Spain to the fifteenth century It examines both the positive and negative aspects of those relations drawing on a variety of sources many of which are here utilized for the first time Political socio economic scientific cultural literary and even sexual aspects of the history of the interaction between Jews and Visigoths and Jews and Muslims provide hopefully a new insight into a period of great importance in history **The Mediaeval Islamic Underworld, Volume 2 Arabic Jargon Texts: the Qasida Sāsāniyyas of Abū Dulaf and safi d- Dīn** Clifford Edmund Bosworth,2023-09-29 **Islamic Humanism** Lenn E. Goodman,2005-11-24 This book is an attempt to explain how in the face of increasing religious authoritarianism in medieval Islamic civilization some Muslim thinkers continued to pursue essentially humanistic rational and scientific discourses in the quest for knowledge meaning and values Drawing on a wide range of Islamic writings from love poetry to history to philosophical theology Goodman shows that medieval Islam was open to individualism occasional secularism skepticism even liberalism *The General History of Drugs, Volume Two, Part One* Antonio Escohotado,2018-10-30 The first English translation of La historia de las drogas by Antonio Escohotado *Prohibitions and Psychoactive Substances in History, Culture and Theory* Susannah Wilson,2019-05-16 This volume is a new contribution to the dynamic scholarly discussion of the control and regulation of psychoactive substances in culture and society Offering new critical reflections on the reasons prohibitions have historically arisen the book analyses prohibitions as ambivalent and tenuous interactions between the users of psychoactive substances and regulators of their use This original collection of essays engages with contemporary debates concerning addiction intoxication and drug regulation and will be of interest to scholars in the arts humanities and social sciences interested in narratives of prohibition and their social and cultural meanings The Chobanids of Kastamonu Bruno De Nicola,2024-02-06 This book provides a novel approach to the history of medieval Anatolia by analysing political religious and cultural developments in the region of Kastamonu during the reign of

the Chobanid dynasty c 1211 1309 During the 13th century the Chobanids consolidated a local dynasty in western Anatolia a borderland between Islam and Christianity becoming cultural actors patronising the production of religious scientific and administrative works in the Persian language These works though surviving today in manuscript form have received little attention in modern historiography The book therefore attends to this gap in the research incorporating a detailed study of texts by little known authors from the time The book explores the relationship between Islam and the Chobanid dynasty in the context of the wider process of Islamisation in medieval Anatolia hypothesising that Turkmen dynasties played a fundamental role in this process of Islamisation and acculturation The Chobanids of Kastamonu then offers an in depth study of a Turkmen local dynasty that achieved political autonomy financial independence and cultural patronage in medieval Anatolia vis vis the main political powers of the time Attentive to religious diversity state formation and processes of transculturation in medieval Anatolia the book is key reading for scholars of Middle Eastern history and Islamic studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons CC BY 4.0 license
