The Ottoman Lady A Social History From 1718 To 1918:

The Ottoman Lady Fanny Davis, 1986-05-15 Titan is proud to continue its series of the lavishly reproduced Classic Bible Stories with David the Shepherd King and St Paul the Adventurer The first story drawn by Frank Bellamy tells the story of David the boy who slew a giant and became King of Israel The second drawn by Frank Hampson features St Paul a Jew who converted to Christianity after experiencing a vision on the road to Damascus *Women and Slavery in the Late Ottoman Empire* Madeline Zilfi, 2010-03-22 This book examines gender politics through slavery and social regulation in the Ottoman Empire during the eighteenth and nineteenth centuries *A Social History of Late Ottoman Women* Duygu Köksal, Anastasia Falierou, 2013-10-10 In *A Social History of the Late Ottoman Women New Perspectives* Duygu Köksal and Anastasia Falierou bring together new research on women of different geographies and communities of the late Ottoman Empire Making use of archives literary works diaries newspapers almanacs art works or cartoons the contributors focus particularly on the ways in which women gained power and exercised agency in late Ottoman Empire and early Republican Turkey The articles convincingly show that women's agency cannot be unearthed without narrating how women were involved in shaping their own and others lives even in the most unexpected areas of their existence The women's activities described here do not simply reflect modernizing trends or westernizing attitudes or their defensive denial They provide an array of local responses where the local can never be found and should never be conceptualized in its initial unchanged or authentic state **A Companion to Gender History** Teresa A. Meade, Merry E. Wiesner-Hanks, 2008-04-15 *A Companion to Gender History* surveys the history of women around the world studies their interaction with men in gendered societies and looks at the role of gender in shaping human behavior over thousands of years An extensive survey of the history of women around the world their interaction with men and the role of gender in shaping human behavior over thousands of years Discusses family history the history of the body and sexuality and cultural history alongside women's history and gender history Considers the importance of class region ethnicity race and religion to the formation of gendered societies Contains both thematic essays and chronological geographic essays Gives due weight to pre history and the pre modern era as well as to the modern era Written by scholars from across the English speaking world and scholars for whom English is not their first language

From Eve to Dawn: A History of Women in the World Volume II Marilyn French, 2008-04-01 Filled with fascinating detail this second volume of French's massive and valuable work is an example of scholarship and clear vision Publishers Weekly This volume of New York Times bestselling author Marilyn French's monumental history analyzes and evaluates the lives of women in societies around the world between feudal times and the French Revolution Drawing upon fifteen years of collaboration with a team of researchers and prominent historians the volume opens with fascinating chapters comparing medieval Europe and Japan disparate cultures which nevertheless shared traditions of male dominated aggression and competitiveness French then shows how in Europe this tradition led to colonialism and imperialism and the horrific

subjugation of indigenous societies just as women were subjugated in the conquerors home countries As French makes clear in this impassioned women s history only with the French Revolution did the political force women exerted powerfully change the course of history French gives us grand theory at its best wading through copious amounts of scholarly data on the histories of civilizations and offering up in readable prose an important synthesis Library Journal *Beyond the Exotic* Amira El-Azhary Sonbol,2021-02-15 Most research has accepted stereotypical images of Muslim women treating their outward manifestations such as veiling as passive and oppressive Muslim women have been depicted as different and by exoticizing orientaling them or Islamic society in general they have been dealt with outside of general women s history and regarded as having little to contribute to the writing of world history or to the life of their sisters worldwide By approaching widely used sources with different questions and methodologies and by using new or little used material with much primary research this book redresses these deficiencies Scholars revisit and reevaluate scripture and scriptural interpretation church records involving non Muslim women of the Arab world archival court records dating from the present back to the Ottoman period and the oral and material culture and its written record including oral history textbooks sufi practices and the politics of dress By deconstructing the past these scholars offer fresh perspectives on women s roles and aspirations in Middle East societies **The Gilded Cage on the Bosphorus** Ayşe Osmanoğlu,2020-05-30 Brothers bound by blood but fated to be enemies Can their Empire survive or will it crumble into myth Istanbul 1903 Since his younger brother usurped the Imperial throne Sultan Murad V has been imprisoned with his family for nearly thirty years The new century heralds immense change Anarchy and revolution threaten the established order Powerful enemies plot the fall of the once mighty Ottoman Empire Only death will bring freedom to the enlightened former sultan But the waters of the Bosphorus run deep assassins lurk in shadows intrigue abounds and scandal in the family threatens to bring destruction of all that he holds dear For over six hundred years the history of the Turks and their vast and powerful Empire has been inextricably linked to the Ottoman dynasty Can this extraordinary family and the Empire they built survive into the new century Set against the magnificent backdrop of Imperial Istanbul The Gilded Cage on the Bosphorus is a spellbinding tale of love duty and sacrifice Evocative and utterly beguiling The Gilded Cage on the Bosphorus is perfect for fans of Colin Falconer Kate Morton and Philippa Gregory A richly woven carpet of a book Historical Novel Society With intelligence and sensitivity Ay e recreates the dramatic story of our family Kenize Mourad author of the international best seller *Regards from the Dead Princess* British Women Writers and the Writing of History, 1670-1820 Devoney Looser,2000 Chosen by Choice Magazine as an Outstanding Academic Title Until recently history writing has been understood as a male enclave from which women were restricted particularly prior to the nineteenth century The first book to look at British women writers and their contributions to historiography during the long eighteenth century *British Women Writers and the Writing of History 1670 1820* asks why rather than writing history that included their own sex some women of this period chose to write the same kind of history as

men one that marginalized or excluded women altogether But as Devoney Looser demonstrates although British women s historically informed writings were not necessarily feminist or even female focused they were intimately involved in debates over and conversations about the genre of history Looser investigates the careers of Lucy Hutchinson Lady Mary Wortley Montagu Charlotte Lennox Catharine Macaulay Hester Lynch Piozzi and Jane Austen and shows how each of their contributions to historical discourse differed greatly as a result of political historical religious class and generic affiliations Adding their contributions to accounts of early modern writing refutes the assumption that historiography was an exclusive men s club and that fiction was the only prose genre open to women

The Diffusion of “Small” Western Technologies in the Middle East Uri M. Kupferschmidt, 2023-10-04 In recent years we have become interested in the diffusion of small Western technologies in the countries of the Middle East during the 19th and 20th centuries the era of Imperialism and first globalization We postulated a contrast between small and big technologies Under the latter category we may understand railway systems electricity grids telegraph networks and steam navigation imposed by foreign powers or installed by connected local entrepreneurs But many small Western technologies such as sewing machines typewriters pianos eyeglasses and similar consumer goods which had been developed and manufactured in Europe and America were wanted and willingly acquired by the agency of individual users elsewhere In a few cases however the inventions had to be adapted or were overstepped and even delayed Some were adopted as social markers or status symbols only by elites who could afford them Processes of adoption and diffusion therefore differed according to cultural settings preferences and needs Social and cultural historians and social scientists not only of the Middle East will find in this collection of essays a new approach to the impact of Western technological inventions on the Middle East

Modernizing Marriage Kenneth M. Cuno, 2015-04-01 In 1910 when Khedive Abbas II married a second wife surreptitiously the contrast with his openly polygamous grandfather Ismail whose multiple wives and concubines signified his grandeur and masculinity could not have been greater That contrast reflected the spread of new ideals of family life that accompanied the development of Egypt s modern marriage system Modernizing Marriage explores the evolution of marriage and marital relations shedding new light on the social and cultural history of Egypt Family is central to modern Egyptian history and in the ruling court did the political work Indeed the modern state began as a household government in which members of the ruler s household served in the military and civil service Cuno discusses political and sociodemographic changes that affected marriage and family life and the production of a family ideology by modernist intellectuals who identified the family as a site crucial to social improvement and for whom the reform and codification of Muslim family law was a principal aim Throughout Modernizing Marriage Cuno examines Egyptian family history in a comparative and transnational context addressing issues of colonial modernity and colonial knowledge Islamic law and legal reform social history and the history of women and gender
