Anna Koch,Stephan Stach

The Outraged Conscience Seekers Of Justice For Nazi War Criminals In America:

The Outraged Conscience Rochelle G. Saidel, 2012-02-01 Motivated by moral outrage a small number of individuals in America today is vigorously protesting the presence here of accused Nazi war criminals and collaborators The Outraged Conscience documents their individual efforts A vital addition to the literature on the Holocaust this book looks closely at the separate activities of these dedicated seekers of justice It reveals that they are a diverse lot each with different reasons for total commitment to the issue The Outraged Conscience also probes more general moral questions Can there be valid justification for the United States government allowing Nazi war criminals to enter the country and in some cases employing them Is there a satisfactory explanation for the years of inaction by government officials major American Jewish organizations veteran groups and the news media on this practice The lives stories and reasons for involvement of these justice seekers are part of modern American history This book puts their stories on the record **Holocaust Memory and the Cold War** Anna Koch, Stephan Stach, 2024-10-21 Even before World War II had ended survivors historians writers and artists tried to make sense of the Holocaust To do so they relied on belief systems and narratives that as the bloc confrontation intensified were increasingly shaped by Cold War thinking Foregrounding the Cold War's role in shaping Holocaust memory this book highlights how the global conflict between East and West influenced research legal proceedings and collective as well as individual memories of the murder of European Jews Contributions focusing on different parts of the world reveal commonalities differences and entanglements between Eastern and Western memories of the Holocaust Examining Holocaust memory from various disciplinary perspectives the authors highlight the many ways in which scholars writers artists and survivors both countered and contributed to dominant narratives shaped by oppositional ideological stances While such distinct ideological positions often mattered greatly at other times a shared interest in bringing perpetrators to justice commemorating victims and providing testimony to the atrocities committed against Europe's Jews led to cooperation and exchange across the Iron Curtain **Alleged Nazi Collaborators in the United States after World War II** Christoph Schiessl, 2016-03-03 This book follows the story of suspected Nazi war criminals in the United States and analyzes their supposed crimes during World War II their entry into the United States as war refugees in the 1940s and 1950s and their prosecution in the 1970s and beyond by the U S government specifically by the Office of Special Investigation OSI In particular this book explains why and how such individuals entered the United States why it took so long to locate and apprehend them how the OSI was founded and how the OSI has tried to bring them to justice This study constitutes a thorough account of 150 suspects and examines how the search for them connects to larger developments in postwar U S history In this latter regard one major theme includes the role Holocaust memory played in the aforementioned developments This account adds significantly to the historiographical debate about when and how the Holocaust found its way into American Jewish and also general American consciousness In general these suspected Nazi war criminals could

come to the United States largely undetected during the early Cold War. In this atmosphere they morphed from Nazi collaborators to ardent anti Communists and outside of some big fish not even within the Jewish community was their role in the Holocaust much discussed. Only with the Eichmann trial in the early 1960s did interest in other Holocaust perpetrators increase culminating in the founding of the OSI in the late 1970s. The manuscript makes use among other documents of declassified sources from the CIA and FBI little used trial accounts and hard to locate OSI records **American Latvians**

Ieva Zake, 2017-09-08 This book analyzes the political experience of a small and unique American ethnic group American Latvians. This community was constituted by post World War II political refugees who fled Communism and arrived in the United States seeking safety and protection. For decades they insisted on preserving their ethnic identity and therefore did not call themselves Latvian Americans. Instead they formed a distinctive double identity that is they blended into the American society economically and socially but refused to become assimilated culturally and politically. The book offers a detailed look into the life of this community of political refugees which also provides a novel perspective on the Cold War as experienced by certain ethnic groups. From a theoretical point of view the book makes two major contributions. First it reasserts the need to understand the generalized category of white Americans or white ethnics with more nuance and attention to differences and second it strengthens the so called realist claim that refugees are not like other immigrants. In order to achieve these goals the book provides compelling descriptions and interpretations of the most politically relevant moments in the experience of American Latvians in the period between the 1950s and the 1990s. Concretely the book deals with topics as the American Latvians anti communist activism the impact of the hunt for Nazis on Latvian emigres the Soviet Union's anti emigre propaganda campaigns and the exiled Latvians involvement in the politics of national liberation in Latvia. The author strives to reveal the complexity of the refugee experience in the United States during the Cold War and its aftermath. Since such aspects of the life of ethnic groups in the United States have not been sufficiently studied this book makes a substantial contribution to a fuller understanding of American immigration history and sociology of ethnic groups. It is well written expertly organized and will be of interest to a large readership at many levels of academia Antisemitism in

Canada Alan Davies, 2006-01-01 This book is the first collection of scholarly essays to treat the topic of antisemitism in Canada a complete history of which has yet to be written. Eleven leading thinkers in the field examine antisemitism in Canada from the colonial era to the present day in essays which reflect the saga of the nation itself. The history of the Jewish community its struggles and its fortunes is mirrored in the wider history of Canada from Confederation to the present. The contributors cast light on Canadian antisemitism through a thorough examination of old and new tensions including Anglo French east west and Jewish Ukrainian relations. Attitudes to Jews in pre Confederation Canada French Canada from Confederation to World War I as well as the interwar years and in twentieth century Ontario and Alberta from 1880 1950 are illustrated in various chapters. Of particular interest are the examinations of such well known figures as Goldwin Smith the

greatly admired liberal historian of Victorian Canada Adrien Arcand the would be F hrer from Quebec and James Keegstra and Ernst Z del of more recent notoriety Analyses are also provided of Nazism and Canadian Protestantism and Jewish Ukrainian relations since World War II This is a complex and contentious subject yet to understand the ideas and forces that have sought to undermine the Jewish presence in Canada is to understand the dangers that threaten any democratic society and thereby to guard against them This compelling collection of essays offers intelligent readable accounts of an area of Canadian history about which we know too little The Jewish Holocaust Marty Bloomberg,Buckley Barry

Barrett,1995-01-01 This expanded edition of the guide to major books in English on the Holocaust is organized into ten subject areas reference materials European antisemitism background materials the Holocaust years Jewish resistance

The Nazis Next Door Eric Lichtblau,2014 A revelatory secret history of how America became home to thousands of Nazi war criminals after World War II many of whom were brought here by the OSS and CIA by the New York Times reporter who broke the story and who has interviewed dozens of agents for the first time *The Nazi Hunters* Andrew Nagorski,2016 Describes the small group of men and women who sought out former Nazis all over the world after the Nuremberg trials refusing to let their crimes be forgotten or allowing them to quietly live inconspicuous normal lives NoveList **Hunting Evil** Guy Walters,2010-05-04 Already acclaimed in England as first rate The Sunday Times a model of meticulous courageous and path breaking scholarship Literary Review and absorbing and thoroughly gripping deserves a lasting place among histories of the war The Sunday Telegraph Hunting Evil is the first complete and definitive account of how the Nazis escaped and were pursued and captured or managed to live long lives as fugitives At the end of the Second World War an estimated 30 000 Nazi war criminals fled from justice including some of the highest ranking members of the Nazi Party Many of them have names that resonate deeply in twentieth century history Eichmann Mengele Martin Bormann and Klaus Barbie not just for the monstrosity of their crimes but also because of the shadowy nature of their post war existence holed up in the depths of Latin America always one step ahead of their pursuers Aided and abetted by prominent people throughout Europe they hid in foreboding castles high in the Austrian alps and were taken in by shady Argentine secret agents The attempts to bring them to justice are no less dramatic featuring vengeful Holocaust survivors inept politicians and daring plots to kidnap or assassinate the fugitives In this exhaustively researched and compellingly written work of World War II history and investigative reporting journalist and novelist Guy Walters gives a comprehensive account of one of the most shocking and important aspects of the war how the most notorious Nazi war criminals escaped justice how they were pursued captured or able to remain free until their natural deaths and how the Nazis were assisted while they were on the run by helpers ranging from a Vatican bishop to a British camel doctor and even members of Western intelligence services Based on all new interviews with Nazi hunters and former Nazis and intelligence agents travels along the actual escape routes and archival research in Germany Britain the United States Austria and Italy Hunting Evil authoritatively debunks much of what has

previously been understood about Nazis and Nazi hunters in the post war era including myths about the alleged Spider and Odessa escape networks and the surprising truth about the world's most legendary Nazi hunter Simon Wiesenthal From its haunting chronicle of the monstrous mass murders the Nazis perpetrated and the murky details of their postwar existence to the challenges of hunting them down *Hunting Evil* is a monumental work of nonfiction written with the pacing and intrigue of a thriller *Fighting for Freedom* ,1990
