The Oxford Of Spirituals:

The Oxford Book of Spirituals Moses Hogan, 2002 African American spirituals comprise one of the world's greatest and best loved bodies of music. The Oxford Book of Spirituals is the first anthology to present a comprehensive survey of the genre's repertoire, its principal composers, themes, and forms in a way that is at once stylistically authentic, historically meaningful, and intended for practical use both in worship and in concert. This collection features a rich array of songs both familiar and less familiar, arranged for SATB choir by twenty-eight of the most significant American composers and presented in chronological order from the beginning of the twentieth century to the present. **So You Want to Sing Spirituals** Randy Jones, 2019-10-14 With their rich and complicated history, spirituals hold a special place in the American musical tradition. This soul-stirring musical form is irresistible to singers seeking to diversify their performance repertoire, but it is also riddled with controversy, especially for singers of non-African descent. Singer and historian Randy Jones welcomes singers of all backgrounds into the style while she explores its folk song roots and transformation into choral and solo vocal concert repertoire. Profiling key composers and pioneers of the genre, Jones also discusses the use of dialect and other controversial performance considerations. Contributed chapters address elements of collaborative piano, studio teaching, choral arrangement, voice science, and vocal health as they apply to the performance of spirituals. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Spirituals* features online supplemental material on the NATS website. **The Books Early AAs Read for Spiritual**

Growth Dick B., 1998 The most exhaustive bibliography with brief summaries of all the books known to have been read and recommended for spiritual growth by early AAs in Akron and on the East Coast. **Mark Twain and the Spiritual Crisis of His Age** Harold K. Bush, 2007-01-07 Mark Twain is often pictured as a severe critic of religious piety, shaking his fist at God and mocking the devout. This book highlights Twain's attractions to and engagements with the variety of religious phenomena of America in his lifetime. It offers a more complicated understanding of Twain and his literary output. **The Spiritual Soul** Matthew J. Churchouse, 2024-04-30 What is the human soul? What does it do? How does it relate to the brain and body? What is happening in the soul when a person encounters the Holy Spirit? These are some of the questions addressed in *The Spiritual Soul* as it advances towards its overall goal of proposing a re-newed Pentecostal Charismatic understanding of what constitutes a human being. In pursuing this overarching intention, Churchouse responds to the anthropology of two leading Pentecostal scholars, Amos Yong and Veli-Matti Karkkainen, specifically their theological models concerning what a human is constituted essentially, made up of, to offer an enhanced Pentecostal model in preference to their monistic view. Drawing upon the sources of biblical studies, the philosophy of mind, and upon the pneumatology that flows from Pentecostal spirituality, Churchouse advances a renewed understanding of the human soul, one illumined by the spirit and the Spirit, to engender his distinctive Pentecostal model of human constitution. *The Spiritual Vision of Frank Buchman* Philip
